Are you an athlete? A leader? A follower?
A helper? Do you come to school not just to
learn, but to have fun too? Do you like to
run, catch a pass, make a basket, hit a
home run, score a goal, build a float, follow
a snake, clap your hands, yell your head
off? Well, I guess you're pretty active.

Spirit. A strange, mystical word. Something in a person that makes him stand up and say, "Yeah, I'm from Rancho, and we are the best!"

Spirit. A word that makes a person spend his last 50¢ for a pep button.

Spirit. A word that makes people want to scream and shout, until their voices are almost gone.

Spirit. A word that makes people do extra special things. Things they normally wouldn't do, unless it was for their school.

Spirit. What a word.

Exchange student participates

In August of 1977 Majid Taghridi flew from the country of Iran to spend one year in the United States as a foreign exchange student at Rancho High School.

Thousands of students from all over the world applied to come to the United States as a foreign exchange student. Majid took many tests and filled out many applications before he was picked to come to Las Vegas. Majid stayed with the Zobrist family while he was here.

Majid feels that the U.S. is the freest country in the world and also the youngest (Majid's country is 2500 years old).

Majid's high school in Iran has about 700 students as compared to Rancho's 2700. Majid feels that Rancho is much easier than his high school. In Iran it is required that students take a minimum of 14 credits a year to graduate including: five classes in math, English, religion, Persian, world history, world geography, chemistry, physics, physical education, and art.

Majid would like to return to America and attend a college here and study to be a doctor.

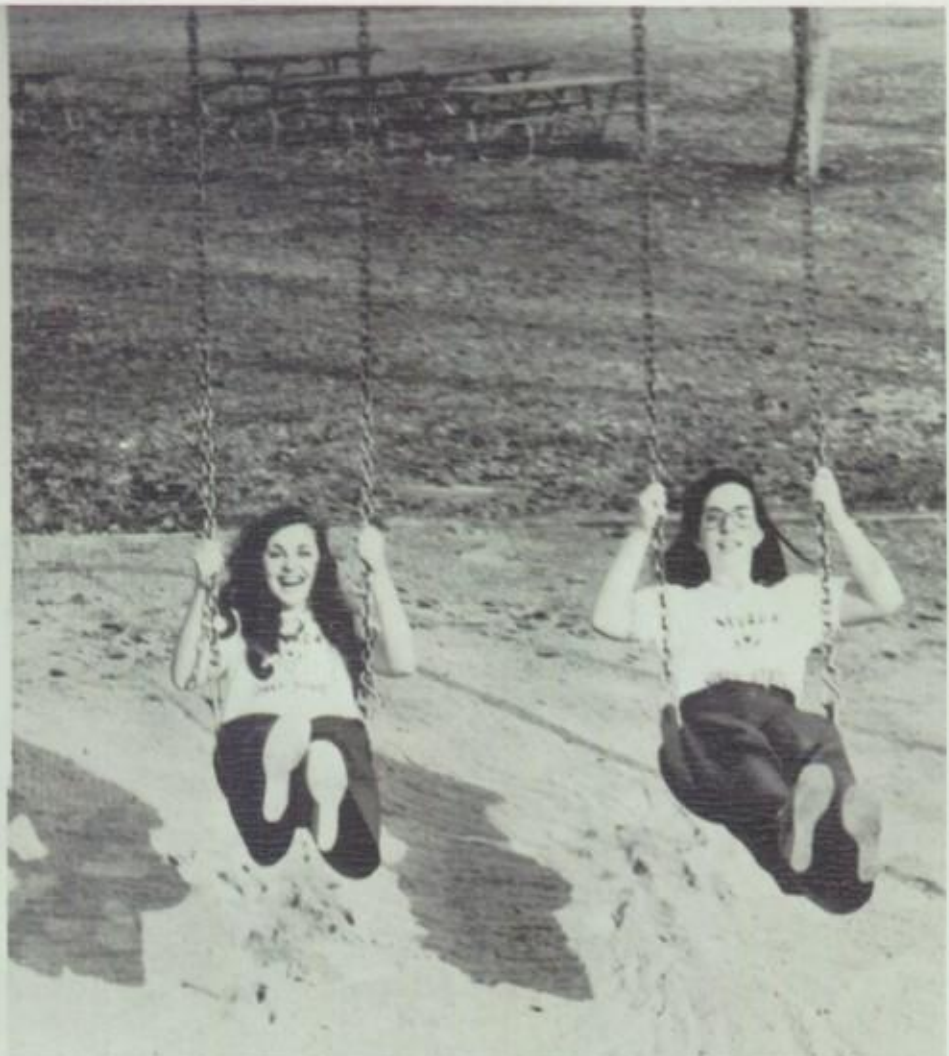

Rancho Boys' State Representatives are John Pfeiffer, Dan Alston and Greg Madonna.

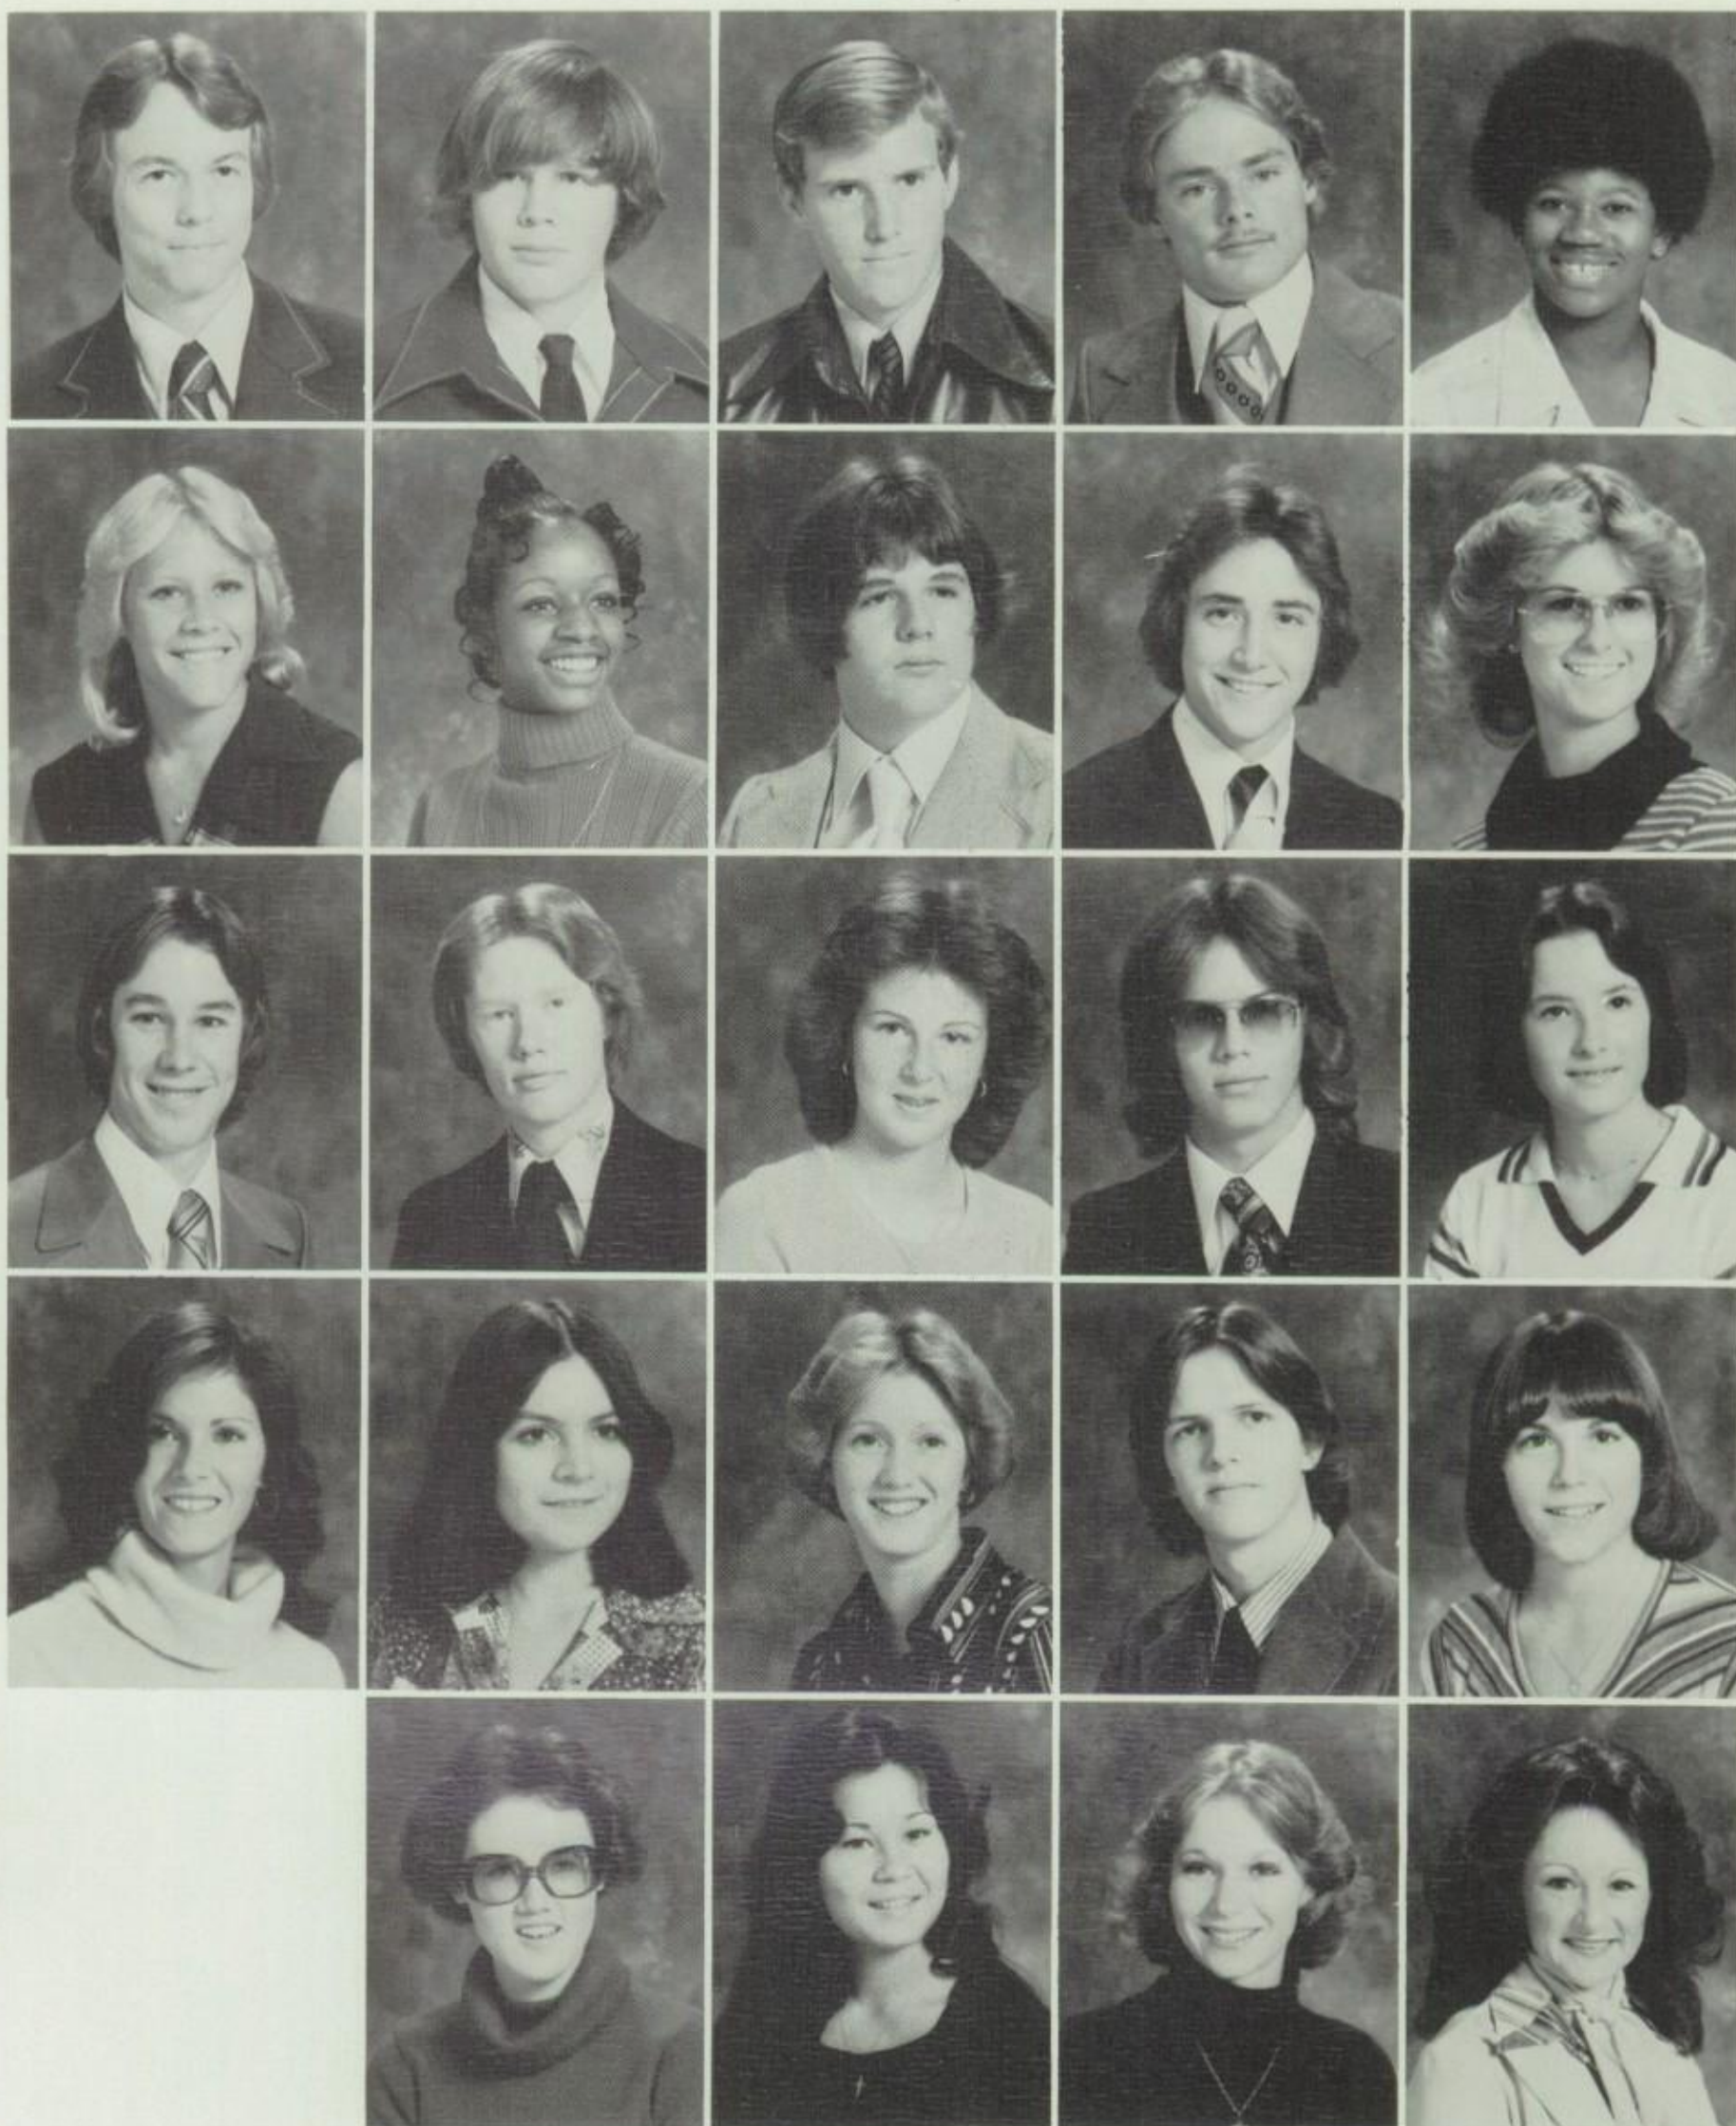

Students practice self-government

Girls' and Boys' State provides citizenship training for girls and boys of high school age. It offers them an opportunity to work together as self-governing citizens; informs them about the duties, privileges, rights, and responsibilities of American citizenship, in order that they may understand and participate in the functioning of their government. It helps them grasp the meaning of some of the responsibilities which they must assume when they become adults.

Rancho students who attended Girls' and Boys' State went to Clear Creek Youth Camp in Carson City, Nevada during the week of June 18 thru June 24.

Rancho sent four representatives to Girls' State this year. They were RaeAnn Hodson, Doe Girling, Debbie Moyer and Kathy Rhinehart. All these girls were very active seniors.

Seniors earn high averages

"The number of students who have maintained a constant high grade point average since their freshman year are very few", Ken Divich, a counselor at Rancho stated. The graduating class of 1978 produced 47 students who have achieved a 3.5 average or better throughout their high school years.

The accumulative grades earned by Rancho seniors are calculated to determine whether they are eligible for varied honors. Scholarships and various other college opportunities are available to these select students.

Snowball dance inspires couples

"Stairway to Heaven," the theme song for this year's Snowball Dance and many other songs, brought the best out of dance.

The dance was held at the freshly decorated Marina Hotel, where the couples enjoyed dancing and refreshments; as well as the Disco Band, Soul Connection.

That night the couples were surprised by a drum-roll, and Donna Millette and Bobby Hagedorn were chosen Queen and King for the Winter event.

Committee members who made the dance possible were Ken Bedrosian and the Dance Committee.

Traditions still a part of life

Every year, juniors and seniors get a chance to individualize themselves by dressing up for their day of fun. For the juniors, Sadie Hawkins day brought out the Lil' Abner and Daisy Mae in many. Seniors however, dressed up for anything their heart desired in hopes of winning a special prize during the lunchroom parade.

During Sadie Hawkins day, the juniors decorated their campus lawn with overalls hanging on a clothesline along with a homemade outhouse. Corncob pipes and patched jeans were a common sight that day.

Senior Playday brought out some distinguishing characters from chickens and scarecrows to lions and bears. This year the winners of the best costume went to a pair of chickens, Dawna Atteberry and Kathy Reilly. Both girls won an Elton John album.

A special treat on Senior Playday was a "Wizard of Oz" skit performed by some active seniors. The cast included: Sherri Avance as Dorothy, Donna Millette as the Scarecrow, Guy Affeldt as the Tin Man, Donna Searles as the Lion, Doe Girling as the Wicked Witch of the West, Sharon Sandy as the Good Witch of the North, Eldon Baulmeister as "Oz" and "Rat" Bullock as Toto.

Hillbillies Joni Ciliax, Janet Diamond and Mary Hummel relax after the chores of hangin' clothes are done.

Sadie Hawkins day was a traditional junior event. Senior, Kathy Reilly proves the outhouse can be used by all.

In the Wizard of Oz, Sharon Sandy portrays the Good Witch of the North during Senior Playday.

Senior Playday along with its traditional cafeteria parade, brought on a "Wizard of Oz" performance. Part of the cast included: Tin Man (Guy Affeldt) Scarecrow (Donna Millette) and Sherri Avance as Dorothy.

During Sadie Hawkins, Howard Hughes gives a contented look on country life, whiskers and all.

Gatherin' round the table are country folks; Mary Hummel, Joni Ciliax, Kris Jorgensen and Janet Diamond.

Rancho hosts Zone Assembly

Seventeen schools, including Rancho attended the 21st annual Zone Assembly. Hosting the annual zone assembly has been a tradition at Rancho for the last 21 years. The theme for the 1978 zone assembly was "Fight on to Victory."

Taking part in the assembly were the student body presidents from each school. Each president told a little about their school.

Special guest were: Connie Larson, member of The Board of School Trustees, Norman Graft, Coordinator of Student Activities Department. Also present were the principals from all the schools.

Mr. Monaco and several guests enjoy the luncheon that followed the assembly.

Each year the Senior Songleaders from each school perform a special routine. This year the routine was done to "The Theme From Rocky."

Rainbow theme 'We Remember'

The month of February is designated as Black History Week throughout the nation. Clark County School District acknowledges Black History Week from February 13 thru 17. Rancho celebrated by hosting several traditional affairs. A fashion show, guest speakers, an assembly and a banquet were some of the activities presented during the week. The crowning of the Black History Week king and queen was the climax of the week's activities. This year's winners were Keith Lucas, king and Monica Turner, queen. Sweetheart Ball

special to all

"The Way I Feel Tonight," performed by the Gary Le Master band, was the theme of the Sweetheart Ball sponsored by Pep Club. Approximately 85 couples attended the dance which was held at the Elks Lodge. Instead of the usual red and pink colors, Pep Club decided to make a change and use pastel colors.

The King chosen this year was Dean Bengert. He in turn crowned Sally Gillitzer Queen.

The dance was girls reverse and Albert and James were the photographers.

Pep Club furnished heart-shaped cookies, candy, and soft drinks.

Awaiting a song and drinking 7-up from Schlitz cups are Dean Britt, Christina Fidler, Diana Fidler, and Mark Clark.

Students eloquent on current issues

The 77 Sun Youth Forum program was the 22nd annual held in Las Vegas, Nevada. The Las Vegas Sun Youth program was sponsored by the Las Vegas Sun.

Rancho High's Sun Youth program brought up topics as Education, National affairs, Teenage 77 and many more. Teenage 77 was one of the best Rancho brought up in the Sun Youth Forum. Teenage 77 deals with teenagers in today life. Advisor Ken Bedrosian put the Rancho students into committees so they could have better viewpoints on the subjects. The committees were named after the topics.

An honor was given to Eldon Baumeister for his viewpoints brought up in the 77 Sun Youth Forum. Eldon was chosen finalist and appeared on television to further state his personal thoughts.

Rancho Academy of Biological Sciences is the science club here at Rancho. The members are students who are interested in science. Patricia Coon is the advisor. R.A.B.S. has been very busy this year with participation in the management of their science museum here on campus, several field trips and many money making projects. R.A.B.S. has also hosted several guest speakers; one of which was a geologist and the other an orthopedic surgeon.

The R.A.B.S. museum is a major accomplishment of the club. So far this year they have installed a one hundred gallon aquarium, a science news bulletin board and more physical science displays. Also, the museum has been repainted. Students wishing to visit the museumk did so on Tuesdays and Thursdays during both lunches.

In the future R.A.B.S. hopes to visit San Diego. They will be sponsoring many projects to raise money for the trip. Buying a new display case for the school is another one of their future goals.

Varsity quiz scores high

Paula Anderson, Coach, watches her team in match against Gorman.

The Varsity Quiz team meets every Tuesday and Thursday for one hour each week. Each member takes turn in answering ten questions, which they practice. The top four starters are chosen by how well they do in the practice.

Varsity Quiz goes into finals. This year in Division A. Play Off, Rancho won over Gorman with a score of 130 to 128.

In the Championship Play Off's, Rancho also won over Western with a score of 167 to 100.

Deep in thought is Ms. Anderson, while she waits for the answer of the tie bonus question.

Getting ready for a challenging game against Gorman is Rancho's opponents, Robert McWilliams, Thomas Hawley, Billy McWilliams and Gary Robinson.

Newspaper Staff spreads the word

The high school newspaper is the students' way of knowing what is going on around their campus. With this the staff of the *Rampage* prepares each morning for a tiring but well-rewarding job. These staff members, consisted of: editors, photographers, business managers, copy writers, proof readers, artists, and the very important salesmen, put together a high school newspaper, the Rancho Rampage.

Besides putting together an informative piece of communication, the members also took time out to collect for a can drive.

Zodiacs perform at youth fair

The Zodiacs participated in several assemblies during football season, Parents' Day, and Black History Week. They also took part in a special assembly presented by Tim Searcy, (former member of the Zodiacs).

Other activities included participation in the Nevada Youth Fair, April 20-23, where they won the Grand Champion Award in the past year plus several other ribbons. Each year special pins are presented to the Zodiacs for their outstanding performances throughout the year. Certificates are also presented to each member.

Zodiacs advisors are Larnell Tillmon and Jennie Scott. The president was Rhondalyn Patterson.

The Zodiacs planned a trip this year as a special educational project.

Chess Club checks opponents

After losing two valuable state champions last year, the Rancho chess club still remained a top team. Senior, Mike Hendryx along with the team itself, held an undefeated record throughout the chess club season. The team record was 8 and 0.

Each player has forty-five minutes and forty moves to attack his opponent. Matches were held every Monday for eight weeks, followed by a two day tournament at Valley High School.

Chess club advisor, Russell Ramirez divided the club into two teams. The varsity team included the top five members with the remaining members on the junior varsity team.

Interact serves our community

Interact is a service club, sponsored by the North Las Vegas Rotary.

This was the most active year ever, with 41 registered members and about 20 active in the clubs. The Bowl-a-thon was the club's major fundraising project raised about \$900 profit. The money was given to Muscular Dystrophy, the Clark Towers Retirement Center, and other charities.

The major event of the year was the District 530 Interact Convention, held at the MGM Grand Hotel. The convention was a big success, with students from over 15 schools in Nevada and California in attendance. The Interact club was honored to have club member Jeff Church as the District Governor and advisor Mr. Cook as the District Advisor.

Octagon raises needed funds

Rancho's Octagon club is one of the service clubs on our campus. The club helps the community and donates to charities. The club helped in the annual food drive, then distributed them to the needy families of the community. The Octagon also joins the Interact club in the fund raising bowl-a-thon. The money raised from this activity is contributed to Muscular Dystrophy. The club has many other fund raising activities planned throughout the year. The Octagon club is affiliated with Optimists' International.

Key and Keyettes provide projects

Phillip Cook adviser for key club and keyettes, told "The main concern of key club is to help the community and Rancho."

Key club is a community organization with connection with the Kiwanis club, an International adult organization.

Key club sponsors a special cultural program for retired senior citizens. They usher at the convention center for community concerts. They provide baskets of food for the needy families during Christmas and Easter. Key club members work with Interact on the Bowl-a-thon. There are four major conventions for leadership training.

Keyettes is a different group, they also are sponsored by the Kiwanis. Their goals and objectives are basically the same as key club. The two groups work in conjunction with each other.

Pep Club members show enthusiasm

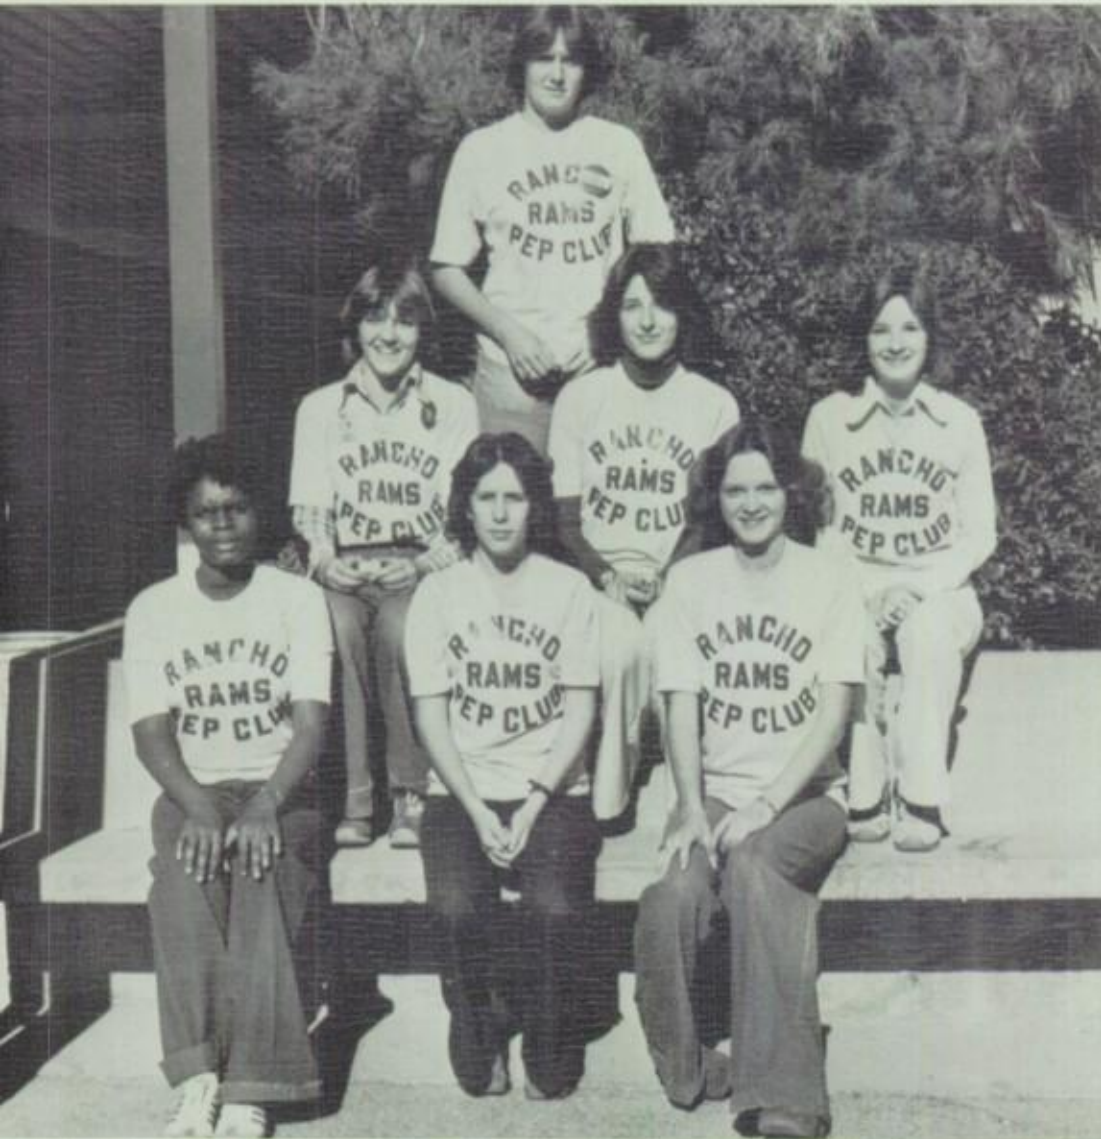

"Pep club is great!" remarked Susan Edmondson, Secretary. "It really helps promote school spirit."

The Rancho Pep club is one of the biggest organizations at Rancho. This year the club consisted of sixty-five members.

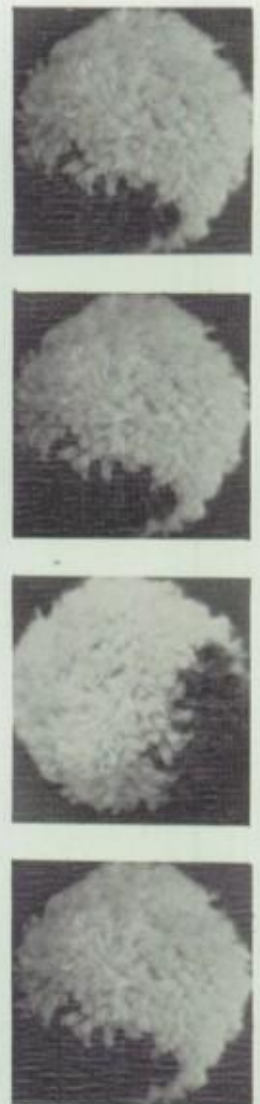

If a student wishes to be a Pep club member, he must first go through initiation, and of course, he must like to yell and show school spirit.

Among Pep club activities were bake sales, Homecoming button sales and participating in the bug race and float building. The club came in first in the club float division in the parade. Members also decorated the Homecoming Queen's platform.

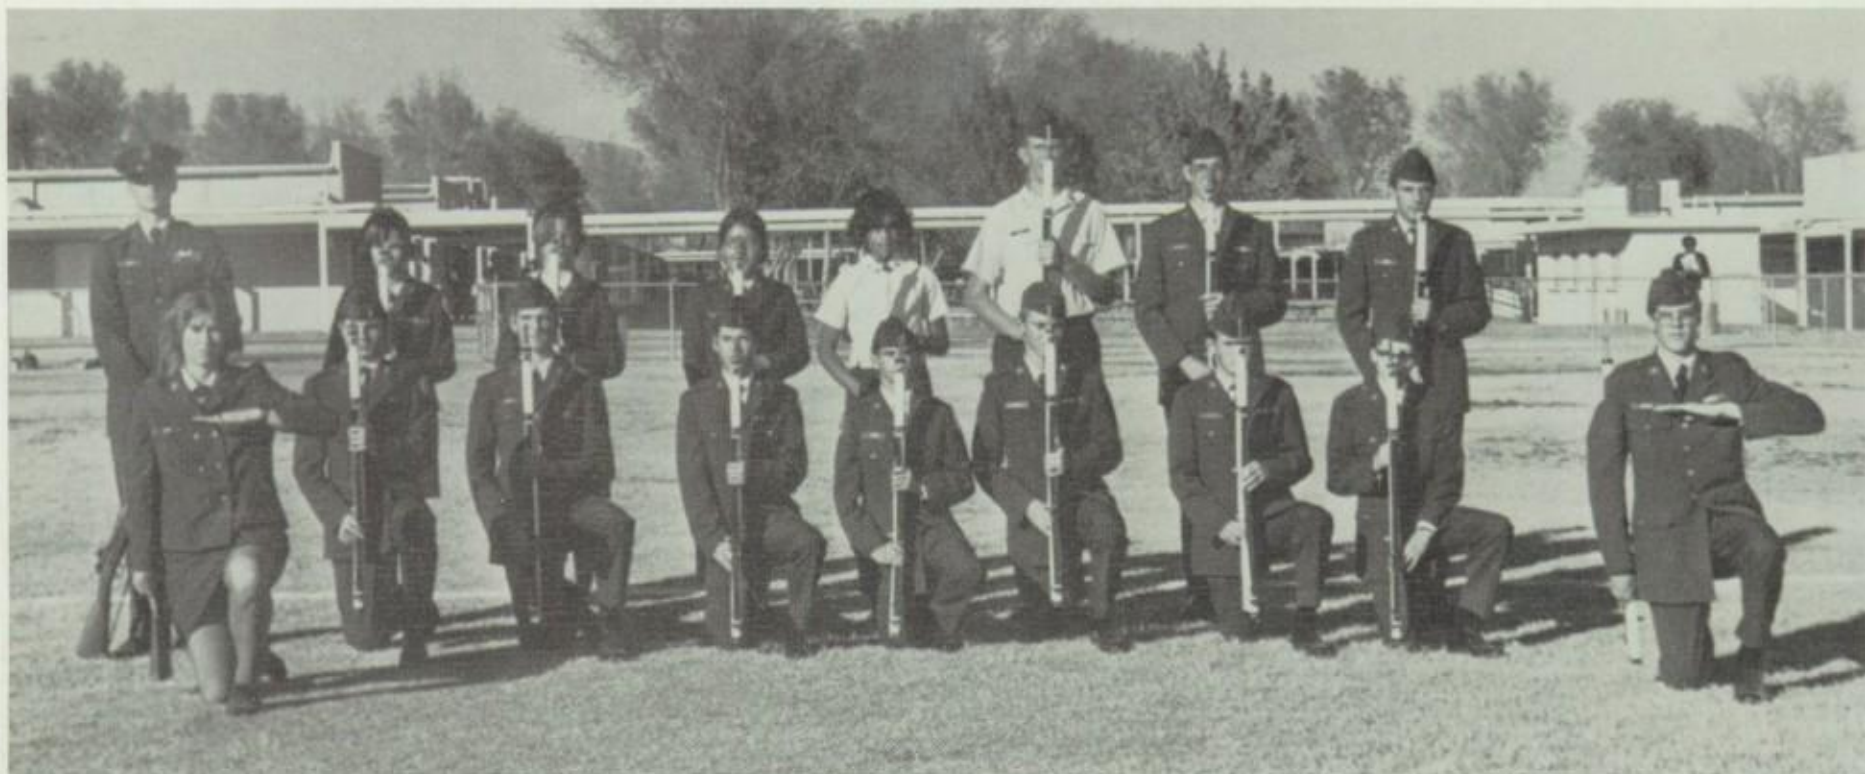

This year the Pep club president was Sally Gallitzer. Ruth Ann Williams and Dawn Simms were the advisors.

R.O.T.C. benefits future airpersons

Among the opportunities available to students graduating with three to four years of R.O.T.C. training are; college scholarships and the chance to be one of the five nominated for Air Force Academy consideration. For those entering military service after graduation, R.O.T.C. is beneficial in raising an enlistee to one pay grade higher than other volunteers.

Rancho's Reserve Officer Training Corps unit earned a meritorious award this year in competition with three hundred other units from the USA and abroad. Outstanding students this year were; Cadet Commander Toby Burright, Cadet Deputy Commander Lonnie Barrett, Cadet Lieutenant John Pfeiffer and Cadet Master Sergeant Zina Moser.

Asked why R.O.T.C. appealed to him, Harold Keator, a freshman replied, "It's lots of fun, it's military and I get to wear a uniform."

Student Council starts action

Student Council was going strong this year with 100 students involved in the first semester and 140 in the second semester. Student Council experimented second semester with an all volunteer membership. Students had to get 25 names on a petition in order to become voting members of Student Council. In this way, they hoped to get students who are really involved in student government.

Judiciary counts student votes

A very important part of student government is the Judiciary. The Judiciary hands out, collects and counts all votes during an election at Rancho.

There are eight members of Judiciary and Mary Jo Wegman is chief justice. Mary Jo said, "I enjoy being on Judiciary. It's lots of fun but hard work."

Judiciary handles all student body and class officer, Homecoming Queen, Snowball king and queen, and other similar elections.

Triton Elite gets actively involved

The members of Triton Elite have held many helping activities this year. They hosted a Valentines Party for the rest homes, car wash, and a blood drive.

The largest activity was the blood drive which was held one full day in room 300. They recieved 131 pints of blood from Rancho's students and faculty. This was to increase the blood available to the public.

This year Debbie Moyer and Doe Girling were the two candidates for the National Honor Society Scholarships which were held nation wide.

Triton Elite has 28 members which are Juniors and Senior with a 3.5 grade average.

Ski Club skis down the slope

Ski Club has more snow than it knows what to do with. Last year the Ski Club had trouble finding a place to ski with snow, this year they cannot get up to the snow.

They planned trips to Lee Canyon, Brian-Head, and Park City. Brian-Head caught most of the skiers attention; they went there more often.

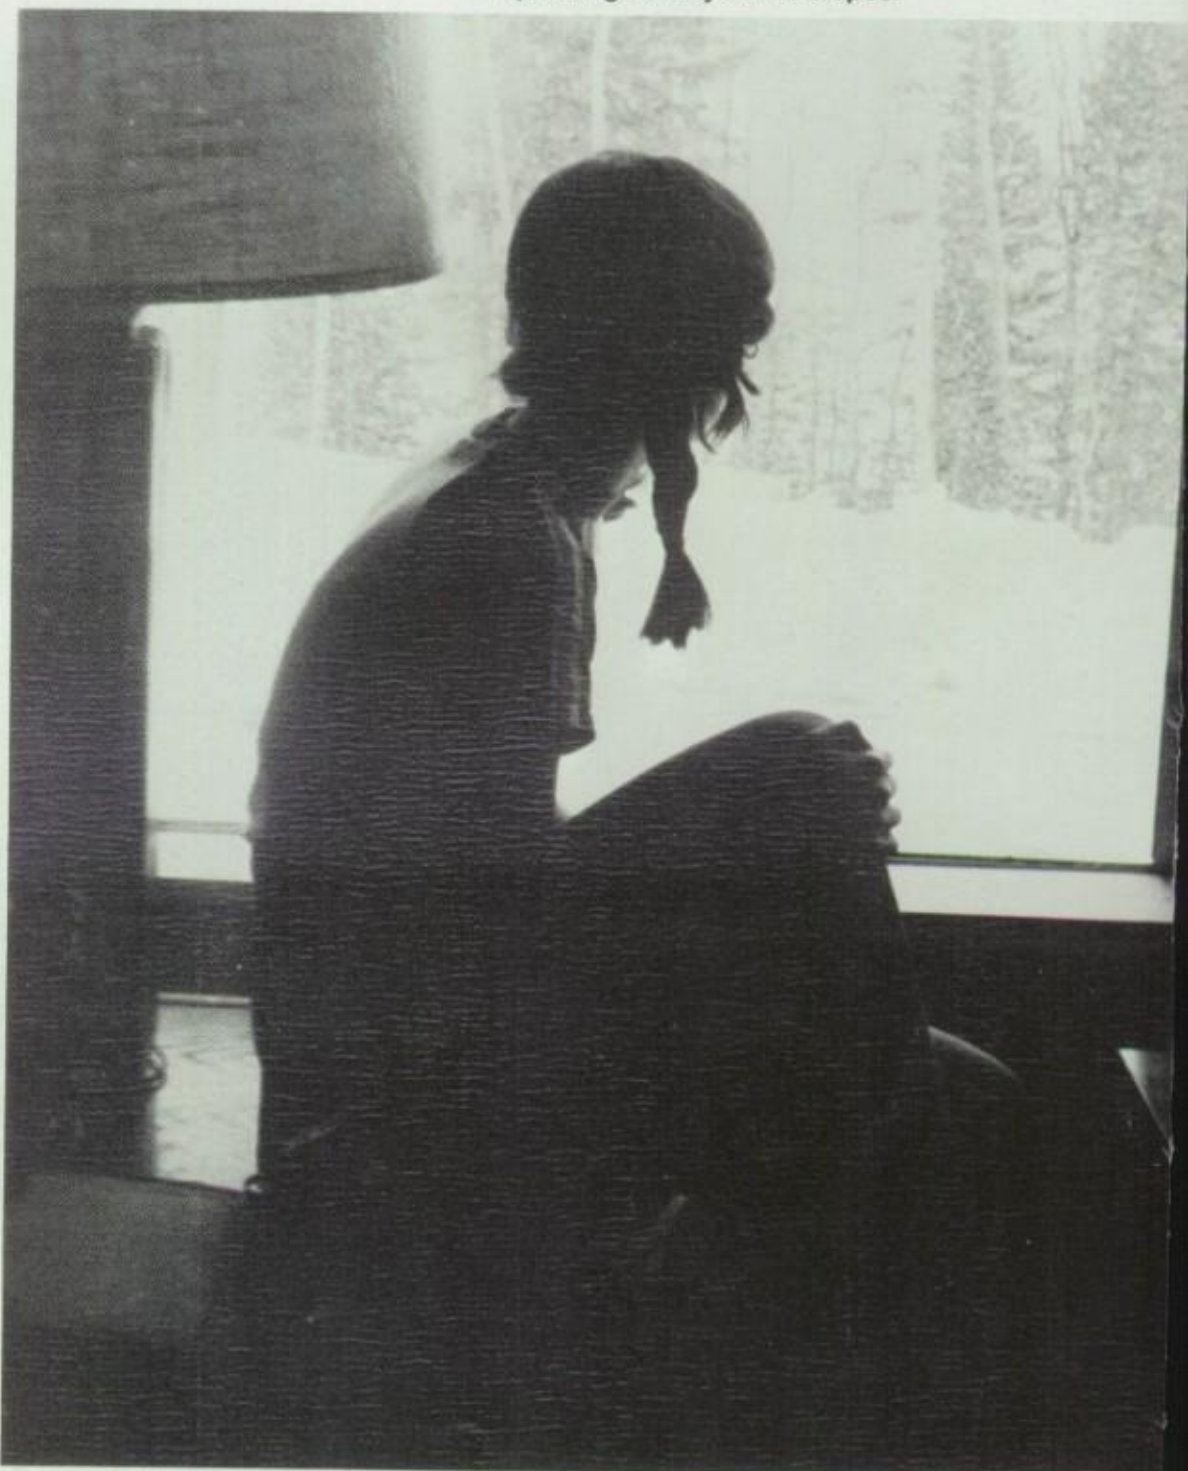

Due to new School District ruling students were not allowed to take off from school on Thursdays to go skiing, therefore, there was no beginners' skier program.

Senior Mary Jo Wegmann stops for a rest after spending the day on the slopes.

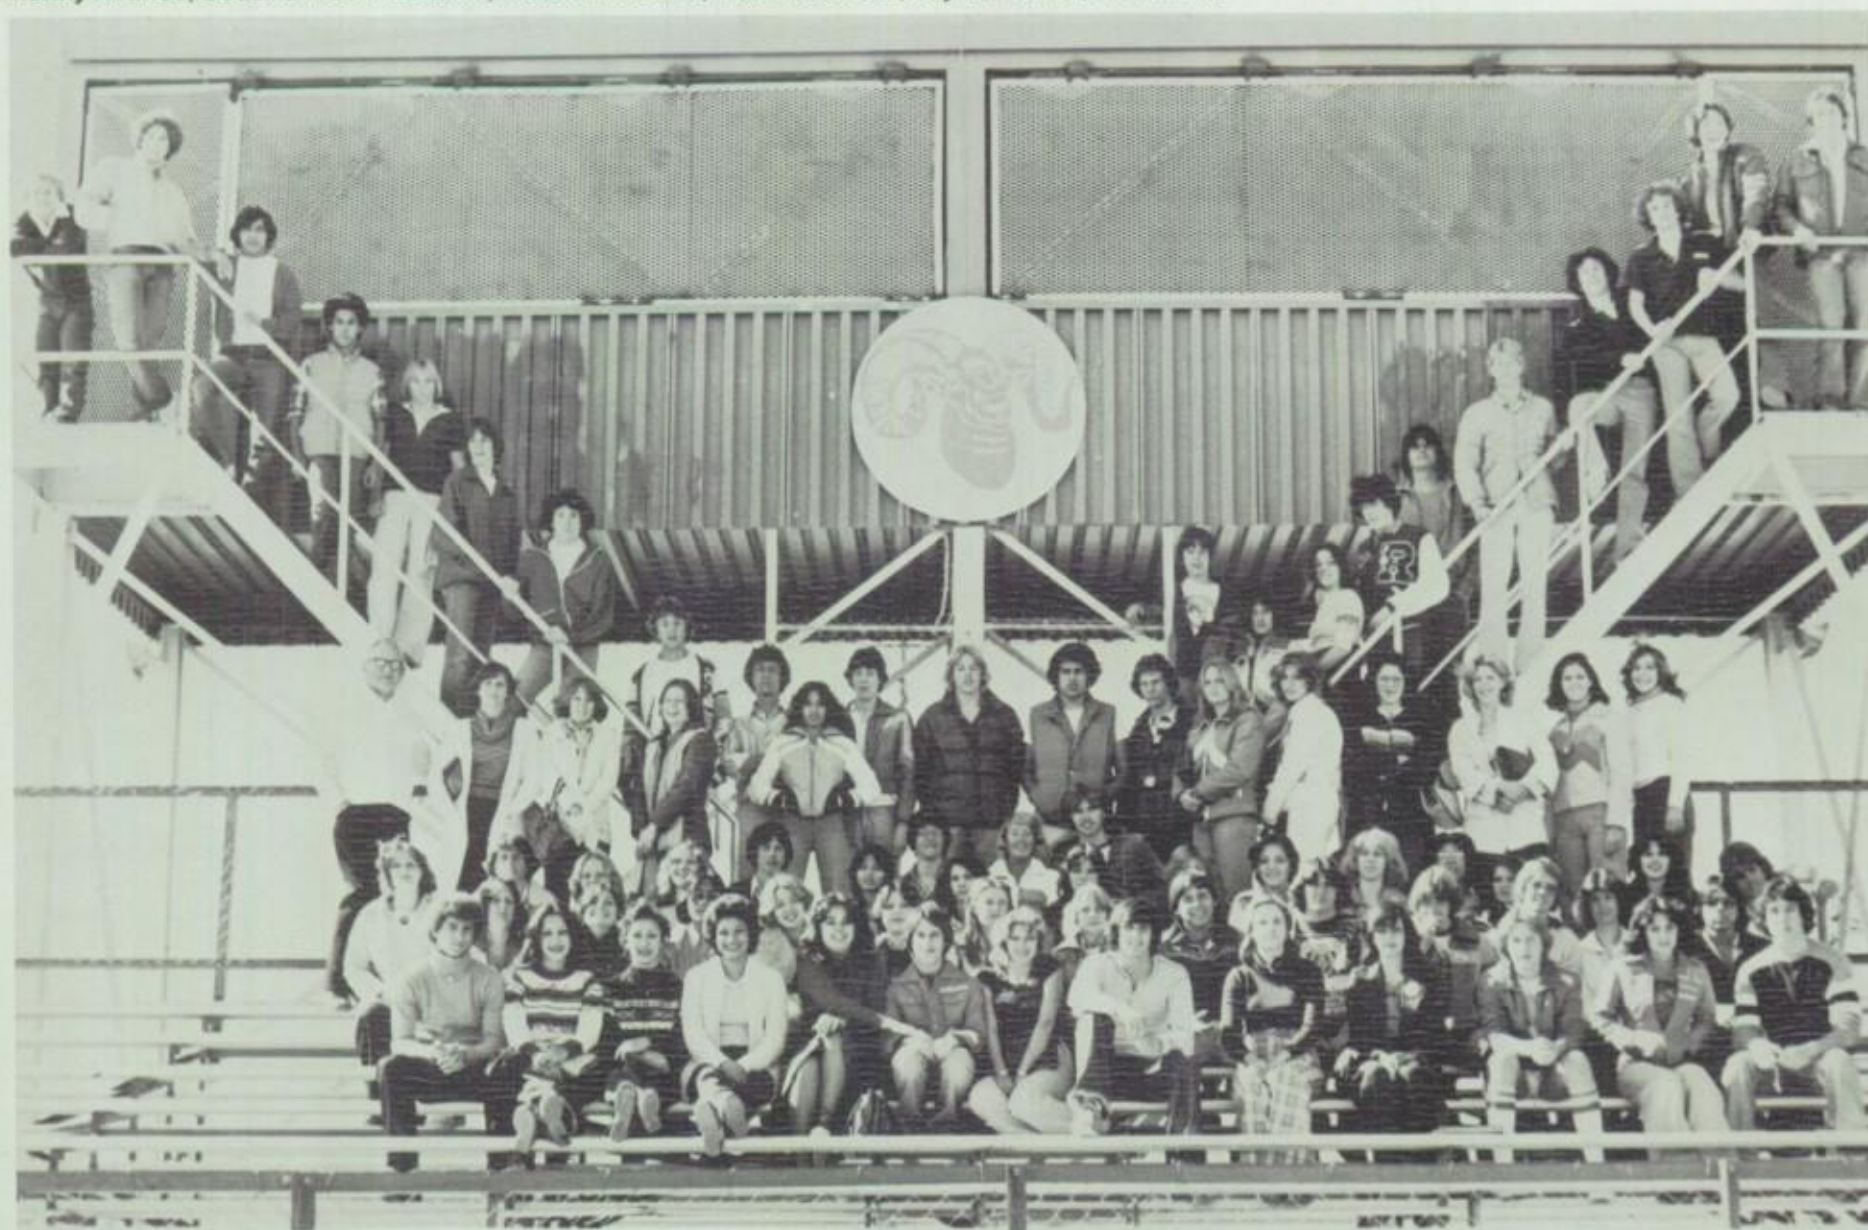

Jeff Frehner, senior all dressed up for the snowy weather.

Catching a glimpse of nature is Shari Avance, senior. When the snow started to fall, the skiers hustled off to the lifts.

Ski club officers were: *Going up:* David Klein, Sgt.-at-Arms; Debbie Webb, Treasurer; Mary Jo Wegmann, Secretary; Kenny Avance, Second Vice President; Gordon McGhie, Vice President; Jay LaFrance, President.

Melody Walker gets a chance to show her talents in song and music writing.

Cynthia Deshotel's natural ability to sing is shown through Celebration.

Celebration shows talent in music

With a year like 1978 anything can happen, but everything happened to Celebration. In the order of events, Timothy Searcy became a member of the Broadway play "Guys and Dolls" and had to leave the group and school for a couple of weeks, but returned with a talent that gave Celebration members a feeling that the year was good for the group. Celebration had their first public debut at City Hall. "The show was terrific," said Mayor Tim Bradley who was an honored guest.

With the arrangements of Edward Schmiedecke and Celebration's seventeen piece band, the group sang such songs as "Slowdancing," "Boogie Nights," "Ease on Down the Road," "Turn the Beat Around" and "Wrap Your Arms Around Me." They also performed at the Zone Assembly for the Southern Zone Schools, the Shara Hotel and the Aladdin Performing Arts Theatre.

After a show at City Hall, Mario Monaco, principal, Mayor Tim Bradley, honored guest and Edward Schmiedecke, director of the Chorale department congratulated Tim Searcy.

Vivacious Chorale will vocalize

Ensemble is a 14 membered group selected from Chorale with high interest and performance levels. This year, Ensemble performed for many community club concerts including the First Presbyterian Church, and both the Archie Grant and Beverly Manner convalescent homes.

The 65 members in Chorale highlighted their vocal talents by appearing on television during the Christmas season. The special was titled "Inspirational Christmas" and was aired twice on channel eight. Other interesting appearances included a performance for the children at Saint Jude's Orphanage, a Christmas concert in the Boulevard Mall and performing with the Symphonic Orchestra of Las Vegas.

Sophomore Laura Stanger gracefully plays the piano during Chorale practice. Laura has been playing the piano for many years.

Senior Kristine Vollmer and Sophomore Kim Mitchell combine their soprano voices during chorale practice.

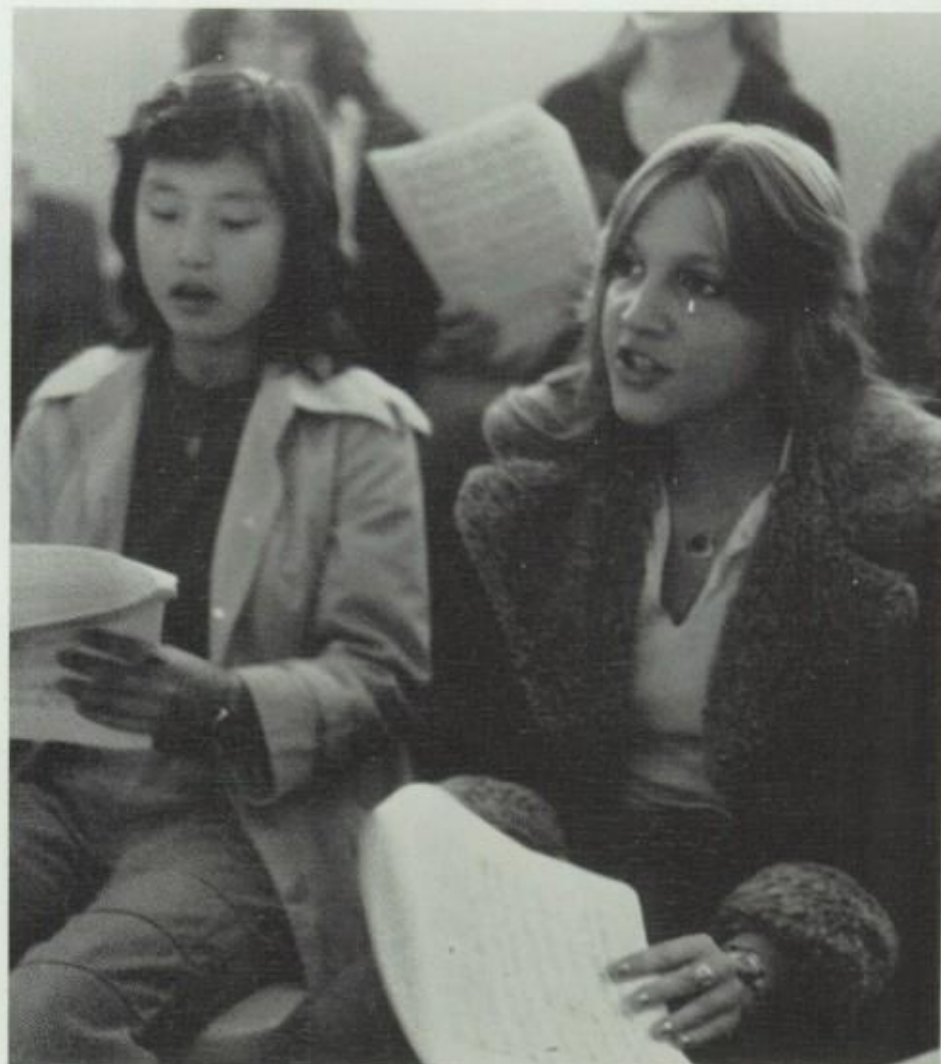

Leading Chorale in a comfortable fashion is Ed Schmiedcke, who has been teaching music for seven years.

Girls Glee sings with enthusiasm

Girls Glee is a vocal organization for those who have high interests in singing. The type of music that the Girls Glee sang ranged mostly into classical literature with some pop tunes.

This year, the girls sang with the whole musical department in their Fall, Winter, and Spring concerts. They also managed some fund raising events including bake sales.

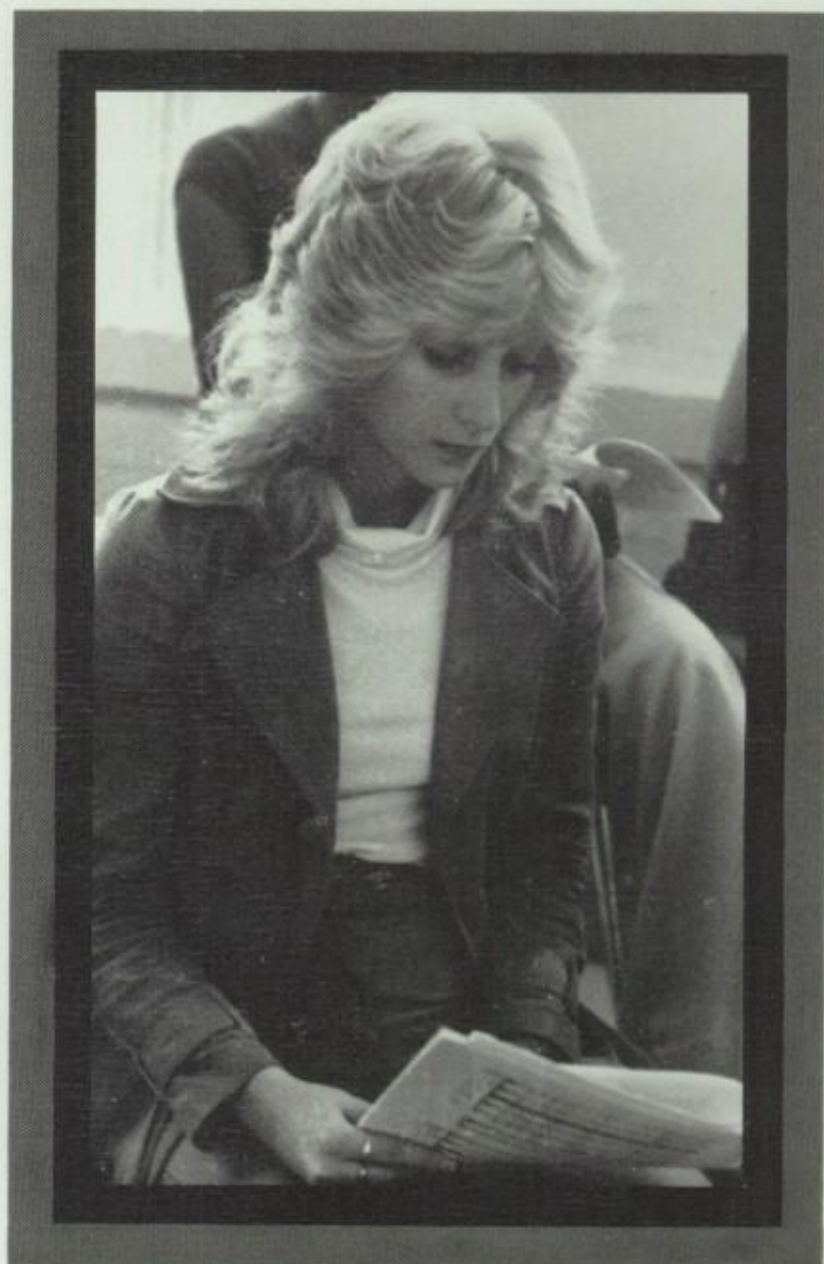

Girls Glee did not go into vocal competition tournaments this year because they were a beginning group. The organization is set up to learn the art of music.

Girls Glee members Choi Kyo Sook and Dennise Meilcarek sing together during practice.

Accompanying the Girls Glee with her piano talents is Lynn Trippley.

Reviewing her music before class rehearsal is junior Donna Heath.

Girls Glee members include: *Row one:* Sandy Vannozzi, Vickie Mains, Valerie Sundt. *Row two:* Mr. Schmiedecke, Opal Grandstaff, Candace Hilton, Wanda Gaston, Susan Polk and Lynn Trippiey. *Row three:* Sue Kinas, Tracy Council, Dennise Mielcarek, Mango Smith, Mardie Shannon, Angie Ruffin and Elaine Fidler.

At the "Gong Show" assembly, the Rancheros scored thirty points while participating.

The Drill Team shows their talent while performing the routine "Devil's Gun."

Rancheros win Superior ribbons

Each day at 7:00 a.m. practice begins for the twenty-four member drill team. The Rancheros also practice after school to insure a good performance.

Through numerous routines such as "Go for your guns", "Rocky", "Star Wars", "Lido Shuffle", "Horse", and "Devil's Gun" the Rancheros have brought spirit to many assemblies and games.

Besides assemblies and games the drill team performed in the Band Extravaganza and the North Las Vegas Christmas Parade where they placed third.

Tim Searcy, the Captain and Lavonne Sibley, the Commander made up many of the routines the Rancheros perform. The advisor this year was Patricia Emmet.

During halftime at a basketball game, the Rancheros performed "Go for your Guns."

Rainbow Club donates clothes

The Rainbow Club's major activity was a year long clothing and food drive. Maurice Feaster, chairman of the committee, with the help of Sharon Braddy, Sharon Scott, Gayla Johnson, and Jackie Hall collected can goods and clothing from houses for the needy.

The Rainbow Club and Human Relations Club was formed to represent the total student body and to promote unity and love among members and fellow students. The club advisor was Claudette Whitson. There were approximately 40 members whose president was Sharon Scott.

Speech makers bring home firsts

The Speech Club, under the supervision of Ron Johns won numerous ribbons this year.

At the voice of democracy held in the Fall; Robin Eversgert received 1st in the local competition and won second in city-wide competition.

In the contest at Gorman, Stacy Young and David Gilbert placed high.

With 17 members strong Mr. Johns says "We hope to have more members next year."

Ramettes show exciting routines

Who are those exciting flag-twirlers that lighten up assemblies and parades? They're the Rancho Ramette flag team!

This year the Ramettes have been very busy. They show a new routine at every performance. Some of the many routines include; "The Best of my Love", "Jingle Bells", and "Star Wars." They Perform at assemblies, Junior High Schools and parades.

The Ramettes practice every day in their rhythmic precision class. Their advisor is Meriam Murphy.

Many fund raisers include the selling of buttons, leather bracelets and candy. Their goal was to earn enough money to purchase new uniforms for the 78-79 school year.

D.A.O. competes with area schools

For 12 years Ronald Johns has been the head of the Rancho High School Drama Department which includes Dramatic Arts Organization and Story Troupe.

The Story Troupe's performances have not only been restricted to Rancho, as they have performed at other area high schools such as Clark and Chaparral.

In November, the group put on a play called "The Effect of Gamma Rays on Man in the Moon Marigolds," which starred Kim Fanchini and Nina Maldonado. It played at the Little Theater for 4 nights. This play was the culmination of hours of after school rehearsal.

Many classroom hours were spent preparing for dramatic competitions at Chaparral, Clark and Valley.

Several fund-raising events including candy sales and car washes, supported a trip to California.

F.B.L.A. leaders set goals high

Future Business Leaders of America prepares students for future business interests. The group was responsible for many worthwhile projects including the March of Dimes Walk-a-thon. Members went on field trips like a Caesar's Palace trip. At Caesar's Palace they studied the workings of computers.

Getting ready for the trip up north in Reno for the F.B.L.A. convention was what they did at most of the year at the meetings. They also talked about how to have fund-raising events.

Advisors Lueann Amburn and Vicki Hainsworth board bus headed for Caesar's Palace.

High G.P.A.'s join N.J.H.S. group

In every high school, there is a place for honoring students. The honor for grade achievements ranks high.

An Aries chapter of the National Junior Honor Society was composed of all freshmen and sophomore students who have attained a 3.5 grade point average or above.

Headed by president Richard Gillman, the club, totaling 45 members worked on the program for the installation of officers. Other projects discussed were community and volunteer work.

Committees for the year were the social committee in charge of the installation and the induction of officers, fund raising committee, service and publicity committee.

Creative Writing publishes Rambler

The Creative Writing Club attended three Dramatic plays this year. *The Christmas Carol*, *6 Room River View*, and *Stop the World I Want to Get Off*. Members went for fun and inspiration. This year the Creative Writing Club prepared a new publication for the Rambler, called the "Spring Humor Magazine." Submissions included limericks, puns, and other witticisms written by Rancho English Students. The Rambler will be released at the end of the year and will display other creative works such as: Haiku poems and Short Stories.

The Creative Writing Club sold magazine subscriptions this year to increase their profits. In February; Rolly Kent, Rancho's on-campus poet for a month, spoke with Creative Writing Club members.

Ms. Sandra Cook was the advisor this year.

Varsity shows perseverance

Rams varsity ended a tough 3-6 season with a well-played game against a top ranked Charger team.

Rancho's offensive unit has scored a total of 125 points in nine games. Outstanding offensive players were Junior Quarterback Tom Pletsch who steered the Ram offense along with the well-developed running talents of fullback Scott Sathrum. Scott was the fourth leading rusher in the league with a total of 714 yards. Averaging near 5.6 yards a carry, Mike Brendes, Bernie Rhodes, and Mike Cope popped open the holes on the offensive line for the Rams.

Linebackers Darnell Brown and Scott Killibrew led the blood thirsty defensive unit. Scott "Killer" Killibrew led the team with 26 unassisted and 49 assisted tackles.

When interviewed, head Coach Joe Blockovich mentioned that this year's squad was definitely a "future team" with four starting sophomores and 17 returners. Starting sophomores were Robert Kahre, tailback, Jorge Fernandez and Mike Braddy on the line and Ken Henning who started as quarterback after Tom Pletsch was injured in the homecoming game against Eldorado. Blockovich stated that the next two seasons "will be the best talent Rancho has had in years!"

Tom Pletsch, quarterback, escapes an Eldorado player who desperately tries to catch him.

Thundering down the field for a big gain is Junior tailback Keith Lucas. He was a strong runner and was a supporting addition to the team.

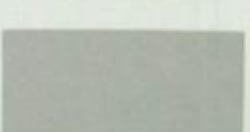

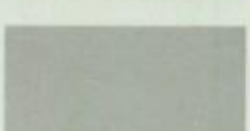

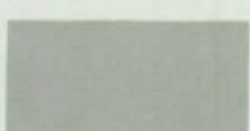

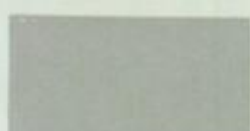

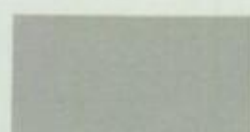

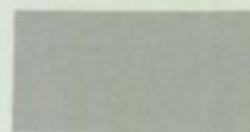

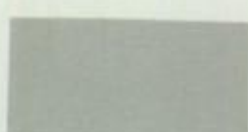

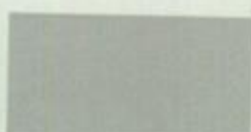

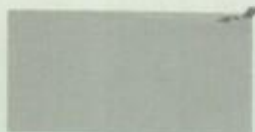

Thinking how to get the edge on his opponent is Terrie Beirne.

Studying his situation, Head Coach Joe Blockovich calls a play.

Varsity reserves are ready on sidelines for a shot at their Vegas rivals. The game with Vegas is traditionally the battle for Sir Herk.

J.V.'s rally to victories

This year the explosive Rancho J.V. Team rallied their way to a 4-4-1 season record.

Behind the swift quarterbacking of Shawn Moore, the mighty green team opened the season beating Valley 34-12. Valley managed to hold Rancho to a 6-6 tie at the half, but the stunning J.V.'s explosive ground attack shut Valley down cold.

After a thrilling victory, the high and mighty Rams were held to a 8-8 tie with the tough Vegas team. Vegas allowed one T.D. for the Rams.

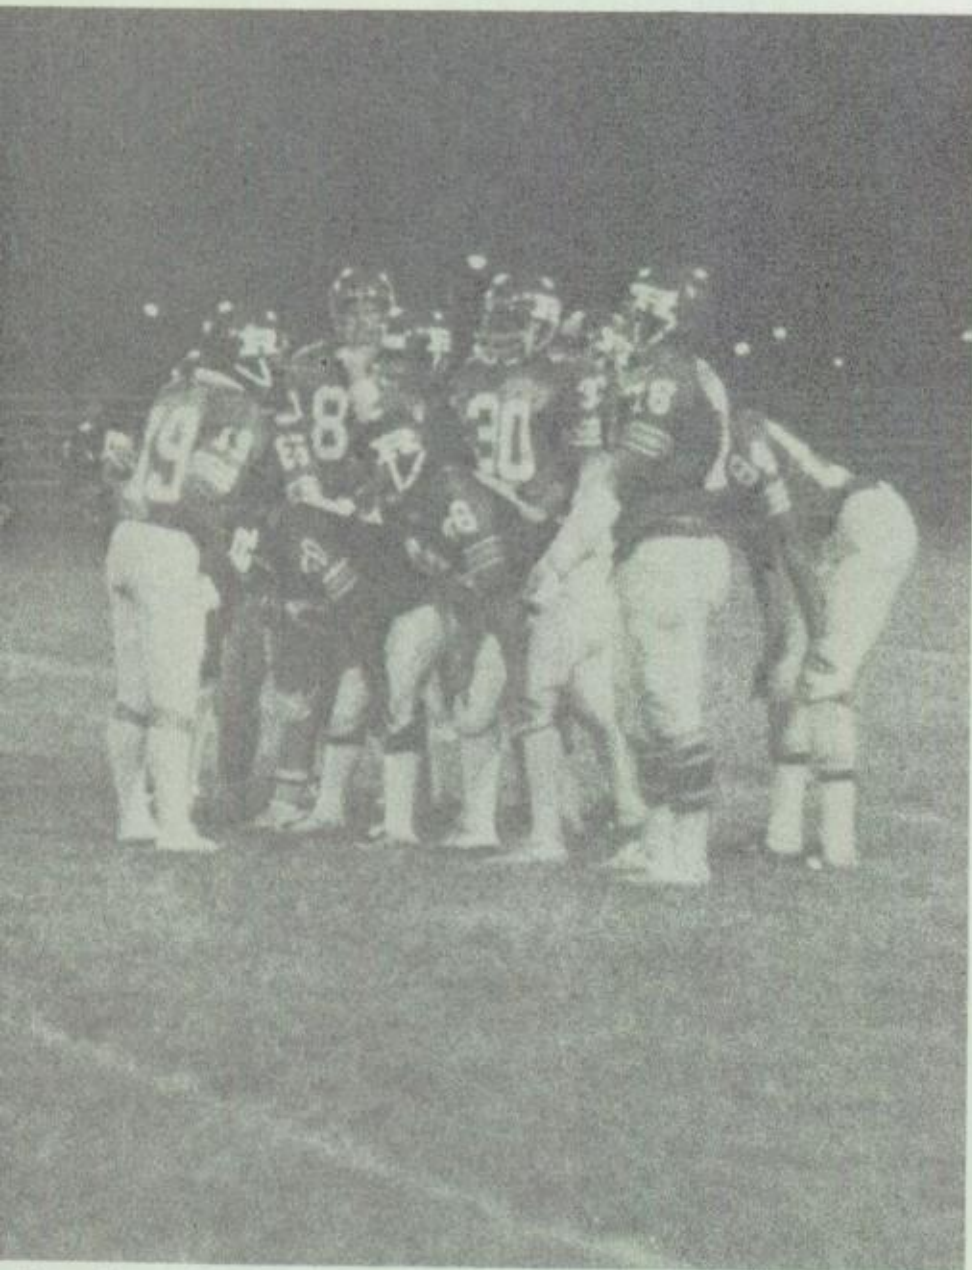

Game three for the Rams was back on pace as they defeated the Chapperal Cowboys, 28-12. Swift running game came through with all four T.D.'s being run in.

The Rams finished the season by defeating Basic and Clark although losing to Gorman, Western, Bonanza, and Eldorado.

Part of the Ram success fell on the key defense abilities of Linebackers Ed Romero, Jeff Bzoskie, and Scott Hetrick. Safetys Edward Oneal and Clavin Bierstedt contained the secondary. Offensive tactics of Scott Newton and Alonzo Woods kept the ground game alive.

Coaches Ed Phillips and Tom Coleman discuss a play with the referee.

The Ram offense listens for the play to run as Quarterback Shawn Moore calls it.

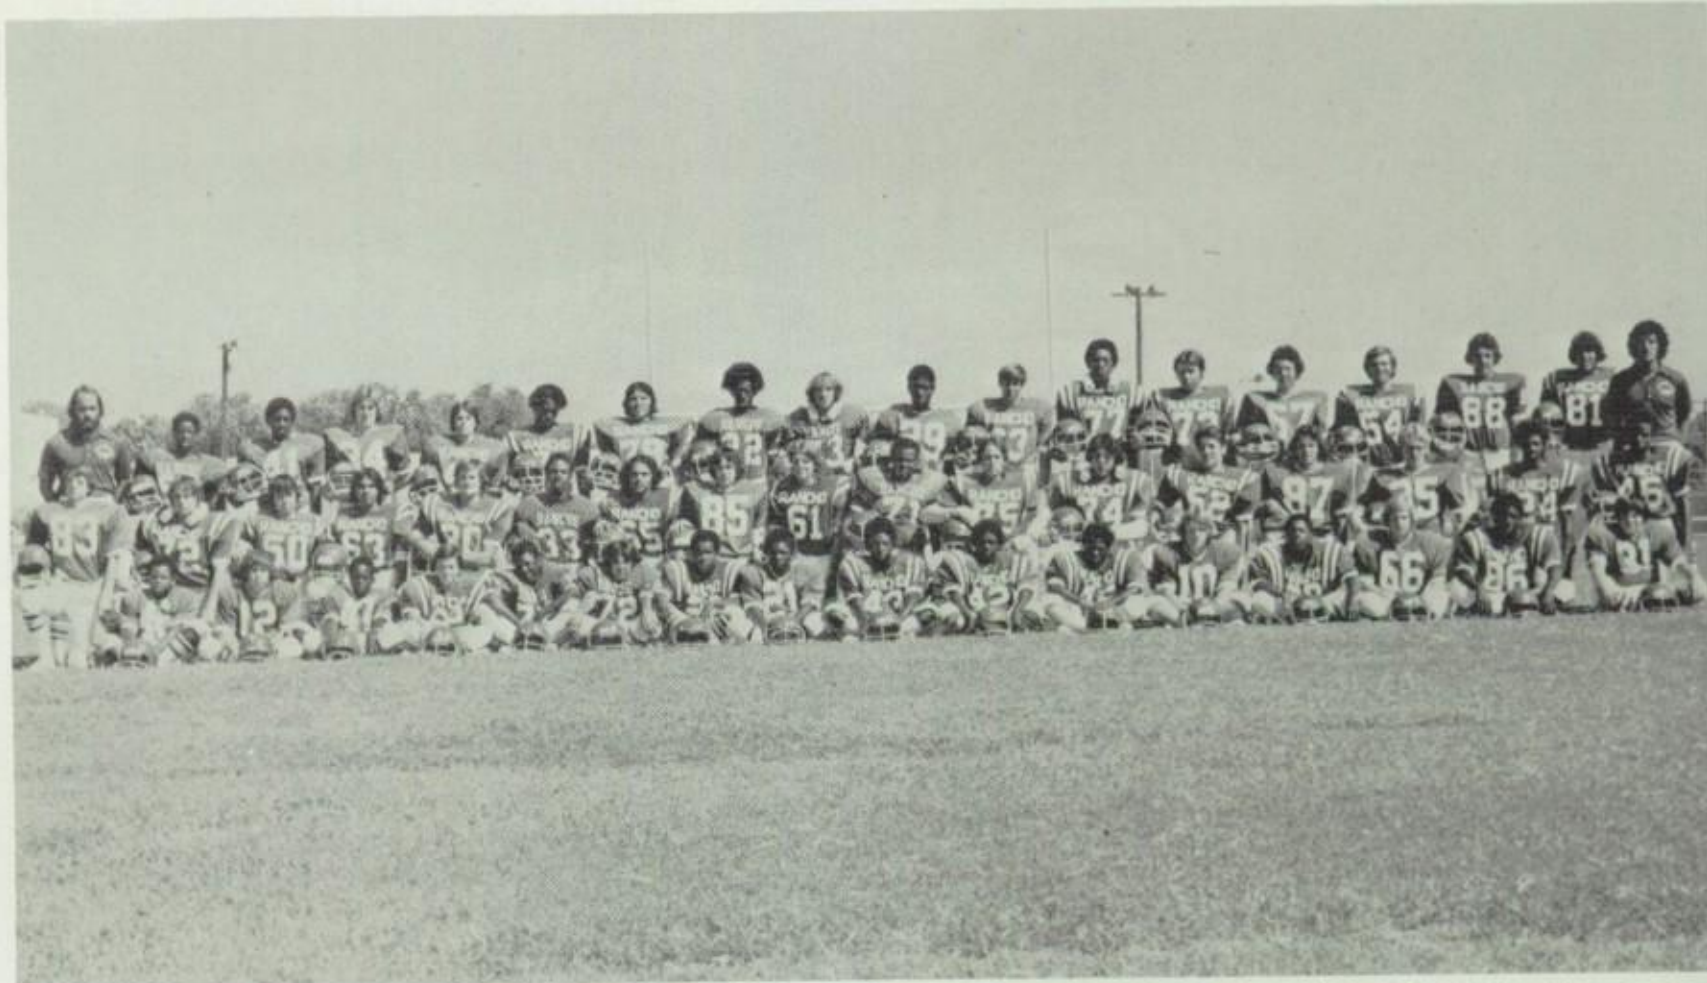

Freshmen keep tradition alive

The "B" team knew only one word and that's "WIN." The team showed it, too, with the second undefeated season in a row. Guiding the squad was coaches Carl Barbeau and Steve Kadoich.

The youthful Rams finished the season with an 8-0 record. The defense who was outstanding on the line stifled the opposition letting them total 26 points. Led by linemen Albert Chavez and Chuck Razmic, the running game was stopped. The passing attack was shut down by corner backs Jason White and Franklin Burke. They held their opponents scoreless in the first four games. While the defense was doing their job, the offense was rolling up the needed points to win.

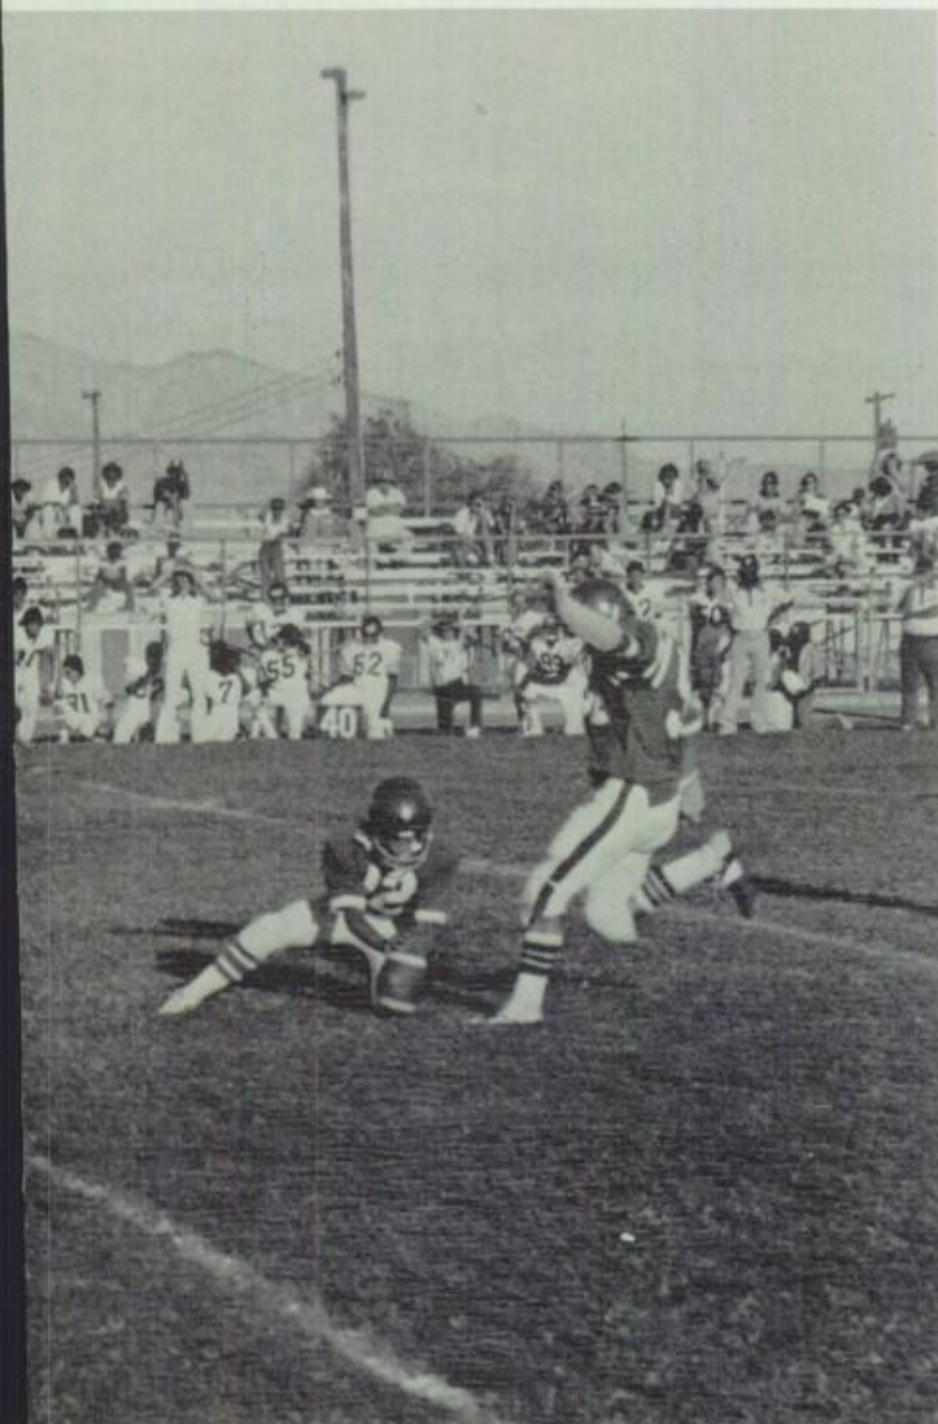

All season the offensive line blocked, keeping the drives alive. This is the kind of work the line showed in the Gorman game.

Front row: Marcus Lucas, Charles Reed, Terrance Franklin, James Reschke, Greg Williams, Joseph Garcia, Kelvin Johnson, Ivan Brown, Ricky Richardson, Mark Dixon, Anthony Woods, Bill Quade, Will Scott, Chuck Rigg, Carl Westley, Van Hulcy. Running around the left end against Gorman is running back Ivan Brown. The "B" team went on to rout Gorman 60-0.

Two hundred thirty-eight points were rolled up all together. Running backs Ivan Brown, Ricky Tatum, and Ricky Richardson kept the ground game alive. Ricky Richardson was the leading ground gainer. Quarterback Kelvin Johnson controlled the offense keeping everything organized.

Rams came up from behind 3 times with the help of the boot of Chuck Razmic. Razmic kicked a 40 yard field goal against Basic that won the game 10-8.

All cheerleaders support teams

The UCA Camp this year is the one the Cheerleaders chose to attend in San Diego, California. UCA stands for United Cheerleaders Association and that is exactly what it was all about. Both the Cheerleaders and the Songleaders attended this camp. Besides learning new things, the Cheerleaders had group evaluations, judging their ability and originality. They brought home 21 superior ribbons, 7 excellent ribbons, the Superior Trophy, and all the girls from Rancho were awarded the Spirit Stick.

The Varsity Cheerleaders promote the crowd's spirit at the Girls' Basketball games, Boys' Basketball games, and Football games together with the Songleaders. They also attended a tournament in Huntington Beach, California, and another at Rancho.

The advisor of the group was Phyllis Seipel, who also advises many other active groups. Heading and Varsity squad were Donna Millette and Monica Turner.

During the excitement of the game Monica Turner prays that things will turn out.

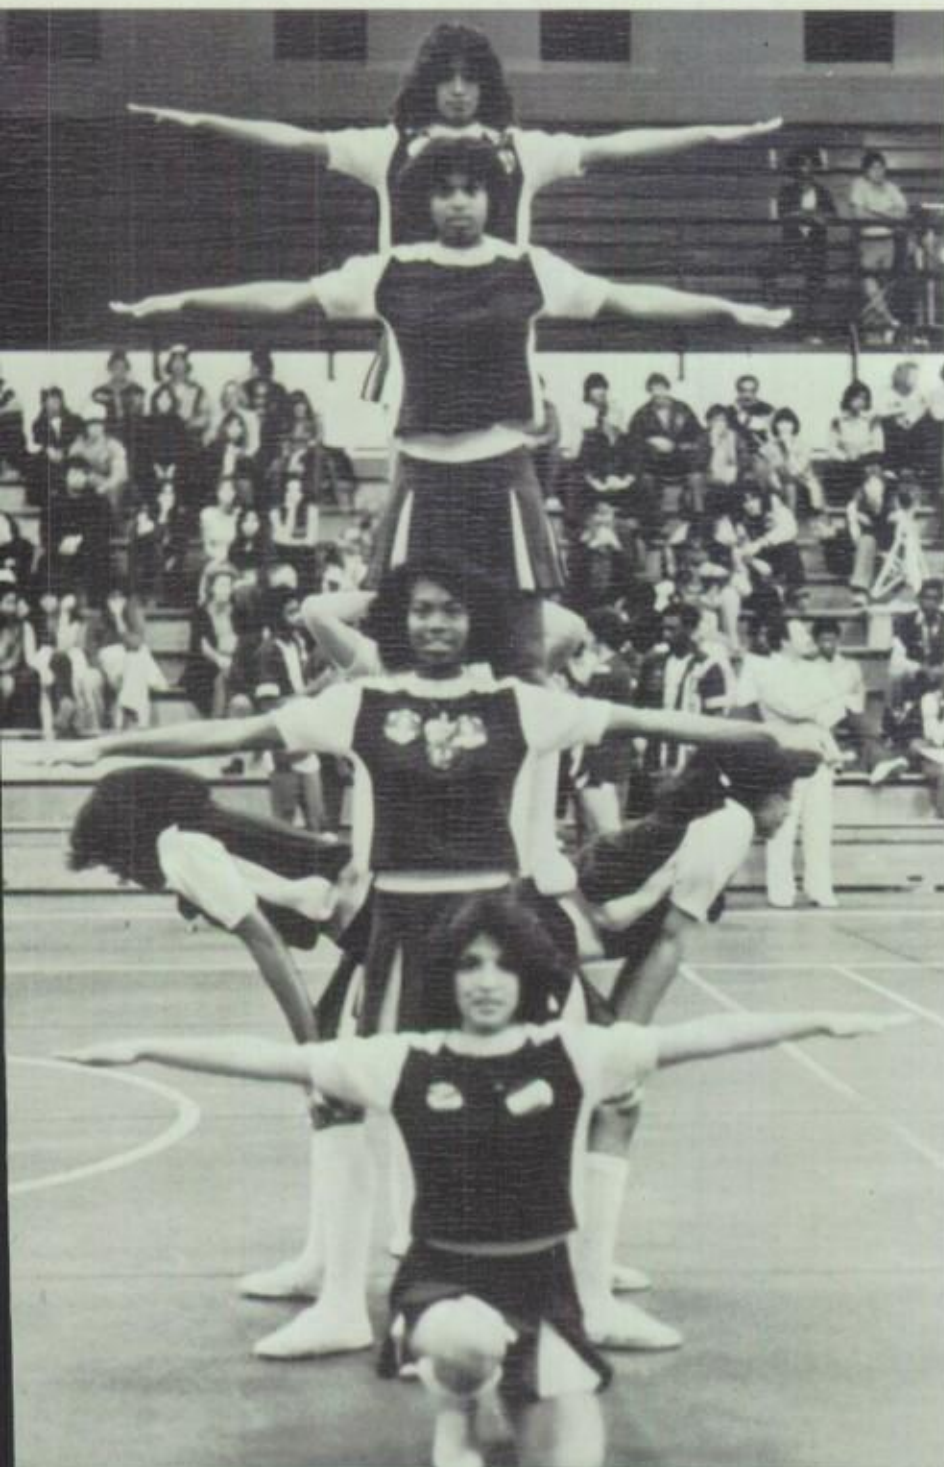

Jackie Hall, sneaking a glance at the game, leads the crowd in a chant.

Songleaders gain awards

The Varsity Songleaders this year consisted of six Seniors and two Juniors. They performed not only at girls' basketball, football, and boys' basketball games but were also involved in many other events and activities. Some of these events included a Texaco Convention, Caesar's Palace Convention, and the M.G.M. Convention where the girls performed with the band. They also were in the 200th Anniversary Celebration of Las Vegas, which was shown on television.

This year the Songleaders attended camp with the cheerleaders. Both attended the U.C.A. camp located in San Diego, California. The Songleaders were awarded 19 superior ribbons, 2 excellent ribbons and took home a Superior Trophy. All the girls from Rancho were awarded the spirit stick for their overall participation and showmanship.

The Head Songleader this year was Doe Girling, who was also involved in many other activities. Phyllis Seipel was the advisor. Mrs. Seipel teaches English and is advisor of the El Sol Yearbook.

Cheering squads work together

The J.V. Cheerleaders this year had an opportunity to attend the U.S.A. Camp in San Diego, California. A couple of the girls attended and brought back several new ideas to teach the rest of their squad. Outstanding, excellent, and superior ribbons were awarded for their cheering ability.

The Freshmen Cheerleaders were chosen in the fall of this year to support the Freshmen teams.

Both squads represented Rancho at the football and basketball games. Aside from cheering at their own games, they also showed their spirit by decorating trucks to ride in the Homecoming Parade and cheering at the game following.

The Head Cheerleaders were Terri Hale for the J.V. squad and Lisa Hall for the Freshmen. Phyllis Seipel was the advisor of both squads.

Men's tennis wins with determination

Competitive tennis on a high school level requires year round dedication. A tennis team is made up of two doubles and four singles teams. The players that made up the doubles team were Kenny Metz and George Duncan. And for the singles team they were Mike Moore, Mason Amos, Tom Barret, James Tomotos, and Cris Creswell.

In tennis it's not a matter of getting in shape but staying in shape year round. Each player must work individually on his own particular strength and weakness to improve. A tennis player must practice consistently in order to keep his stroke, volley, serve, and timing balanced.

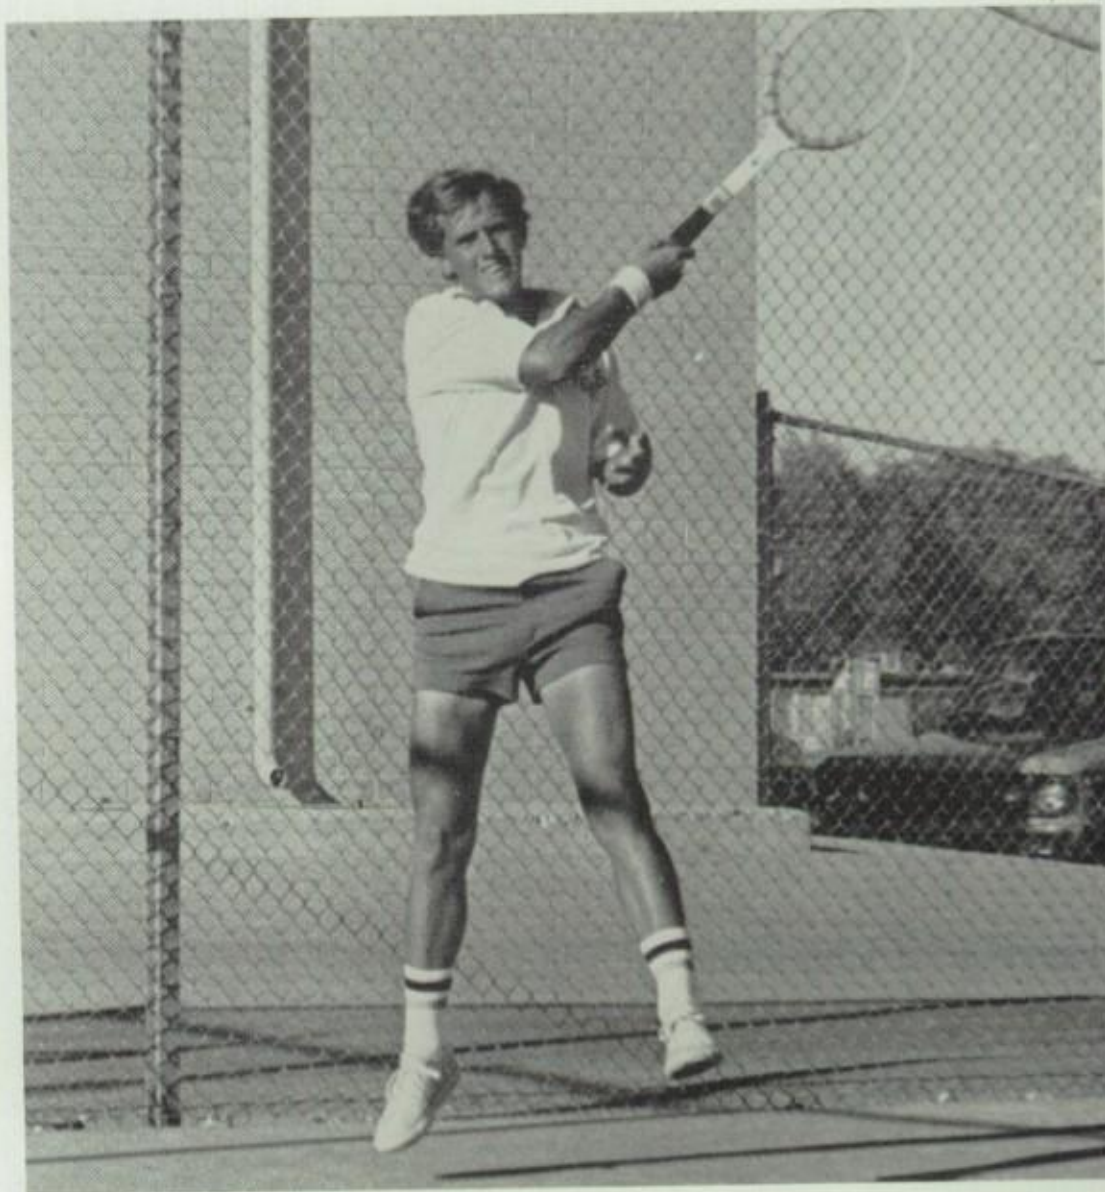

The outstanding players were Tom Barret, James Tomotos, Cris Creswell. Coach Stanley commented that the tennis team had learned a lot this year and that they should do better next year.

Harriers step to good season

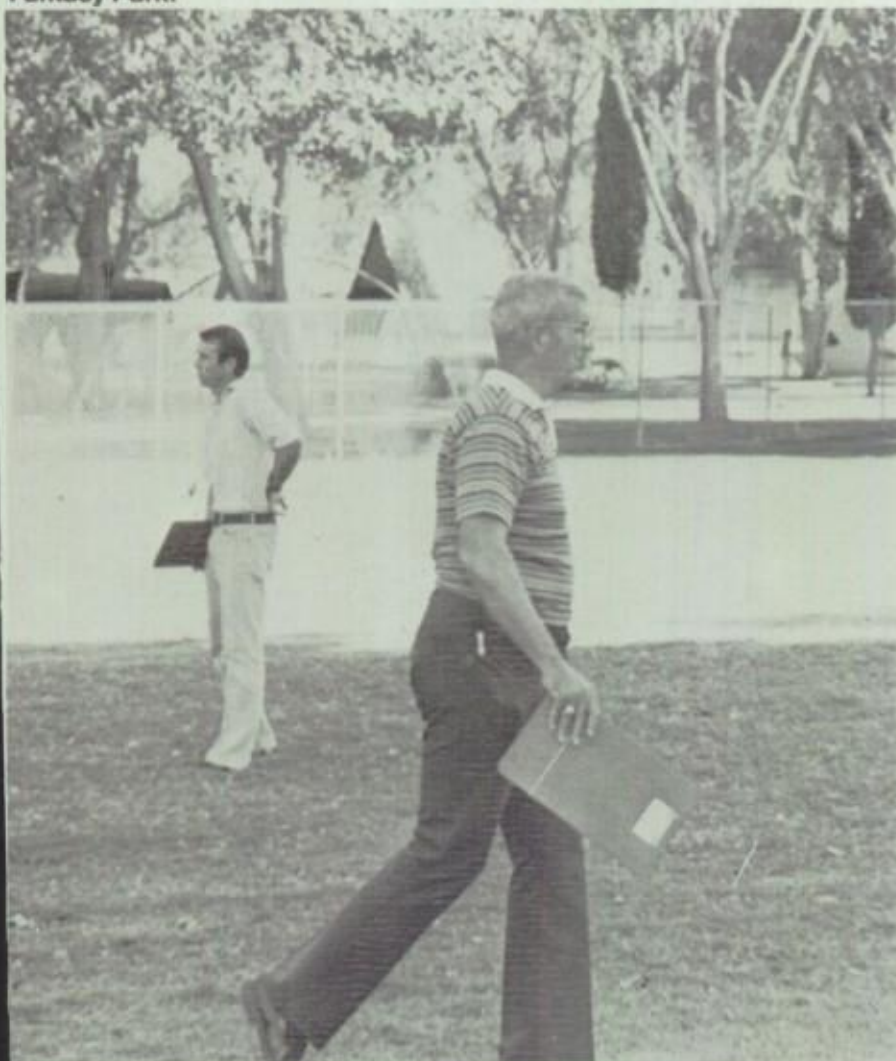

Cross Country team ended the season with a six and four record.

Coach William O'Dea stated that two of the four losses were mistakes by leaving the J.V. runners out of the race. The other two were to the state team, Western.

Coach O'Dea's top three runners were the Mirth brothers, senior Bob, sophomore John, and freshman Dave.

The only girl on the Cross Country team was sophomore Gwen Brauer who took second in zone and third in state. Next year the Cross Country team is expecting more girl runners out for the team.

Coach O'Dea announced that next year he's going for the state title with the help of new runners coming up from the junior high level plus returning runners from the '77 Cross Country team.

Rams dribble to hard times

Varsity Basketball Team under five year Rancho Coach Joe Stein and first year Coach Jim Allen had a really up and down season this year. According to Coach Stein 2 men returned from the 1976-77 Basketball team and only 3 seniors on an entire squad, the team lacking in experience, hurt the Rams from repeating as state champs.

The Rams, which Coach Stein said was the smallest team in the five years he's been at Rancho, had heart-breaking losses to Western, Las Vegas, Chaparral and Gorman in games which were decided by only a few points; But feel well about taking third in the "Rancho Holiday Classic" with impressive win over "Power House" Teams from California.

The future looks ever so bright for the "Runnin Rams" with 9 returning players and the sharp-shooting J.V.'s coming up to Varsity Ball next season.

Putting on the one-two punch for the Ram offense, was assist maker Earl Johnson and high scorer Hal Welch who averaged 30.0 points a game which was tops in the city. The second leading scorer for the Rams was Junior James Fuller who pumped in nearly 14.0 points a game. Leading the Rancho Defense in rebounding Bobby Hagedorn, James Fuller, and Kelvin Ray, who crashed the boards for 11.4, 9.9 and 7.4 respectively.

J.V.'s experience ups and downs

The 1977-78 Running Rancho Ram J.V. Team experienced their share of ups and downs through their season.

Headed by Coach Jim Allen, the J.V.'s began with a bitter loss to Valley. Getting it back together in the second game, the Rams **BLASTED** the Vo-tech J.V.'s 100-59. A good balanced offense and high scoring came through for Coach Allen's team.

In games to follow, the Rams beat many tough teams like Gorman, Western, and an exciting 66-65 win over the "tough" Las Vegas team.

With outstanding players such as Gary Stewart and Val Goins, the J.V.'s found success. These two contributed to the offense while Brad Wallis, Mike Braddy and Ricky Hines controlled the boards.

Freshmen prove powerful in play

The 77-78 basketball season was an up and down one for the Rancho Freshmen Team, but even in defeat their remarkable talent showed through.

Leading the way was Willie Lacey, a 5 - 11 leaper who saved his biggest baskets for when the team needed them most.

Lacey, who averaged 17 points a game along with Sam Smith and Darryl Taylor, who averaged 11 and 12 points respectively led the team in scoring.

Defensively the Rams were led by Jim Gantt and Carl Wesley. These two were usually matched up against the opponents most talented players, and always turned in strong performances. Jimmy Gantt, Jimmy Ray and Willie Lacey shared top rebounding honors, while Carl Wesley, Darryl Taylor and Anthony Woods were the top playmakers.

Although their season was not a complete success the Rancho Freshmen did show the Rancho fans that they can expect three more years of top quality basketball.

The varsity girls' basketball team ended their season with victory. The first three teams they played were Western (44-41), Las Vegas (70-60), and Boulder City (67-43). After that they went on to win 13 more games putting them on a 16-2 season.

On November 3-5 1977 the girls went to play in the Division II Tournament. Their first opponent was Bonanza which they defeated (53-33). November 4, they played Chaparral (49-41), and then Las Vegas (61-49). After they went undefeated in the Division II Tournament, they went on to the State Tournament on November 8 through the 10. Their first game was forfeited and their second game was against Chaparral which the Ram's lost (47-45).

J.V. girls' team show talent

The girl's J.V. Basketball team won eleven out of twelve games. Bonnie Flagaan, coach, said she was very happy with her team.

Coach Flagaan also commented that the team practiced from two to three hours a day to prepare for a game.

According to the coach, the outstanding players for the year were Rondalyn Patterson, Lucy Foreman, and Melba Slauter. Most of the games were won with a ten point spread. Their toughest opponents were Western, Vegas, Clark and Eldorado.

Bottom row: Melba Slauter, Lisa Hall, Cynthia Smith, Hidie Bond. Top row: Yuanne Peguee, Janice Ernest, Rondalyn Patterson, Verna Manchuso, Kathy Queen, Lucy Foreman.

Girls' Golf swings into fine season

The girls' golf team under the supervision of coach Judy Smiley, really ripped the cover off the ball this year. The team which sent all members to zone and two members to state, had their second consecutive winning season with an identical eight win three loss record as last years.

The girls won games against Vo-Tech, Gorman, Boulder City, Valley, Clark, Las Vegas, Bonanza, and Eldorado, but lost to Chaparral, Basic and Western, by only a few strokes.

The team was tied for second place with Valley and Western with one match left to play in the season. Rancho lost to Western by only one stroke, so they had a play-off with Valley.

Coach Smiley quoted, "I feel very good about our season. Except for a lack in experience the girls did quite well."

With five out of the seven team members returning, the Rancho High girls golf team should really be looking forward to another winning season.

Preparing to tee-off for match against Bonanza, is Freshman Margo Smith and Junior Tina Lombardo. Margo and Tina were both important members of the team.

Front row: Margo Smith, Karie Clark. Row two: Coach; Judith Smiley, Tina Lombardo, Cae Pennington, Annette Little, Dolphine Burt, and Pam Smith.

Addressing the ball for her next shot is Rancho's Junior Cae Pennington.

Freshman Kerrie Clark shows her form which took her to compete in state. Pam Smith was also a competitor at state.

Attempting to drive the ball down the middle of the fairway is Dolphine Burt. Dolphine was a senior this year.

Freshman Margo Smith watches Senior Pam Smith pull out club for her next shot. Pam consistently shot the lowest score through the season.

Varsity soccer plays with vigor

The varsity soccer team posted an 11-4-1 record. The team's defense who were outstanding were Rick Mcutcheon, Scotty Steinberg and Eddie Rodriguez.

The Rams jumped out to a quick start winning their first four games. Western, Clark, and Chapparal were the only teams able to touch Rancho. The front line toughened up with shooters Joe Ribero and John Linton. The wings, Eloy Fernandes and Roy Duncan, set up the scores. Good play was put out by John Highland, Dave Grahman, and Derry Eiman. In tournament play they started off with a 3-1 overtime win against Bonanza. The next day was a game against Basic which was won 1-0. Coach Anthony Beausoleil took his team against Clark, but Clark played an exceptionally good game and handed the loss that put them out of the tournament.

Haka supports wrestling teams

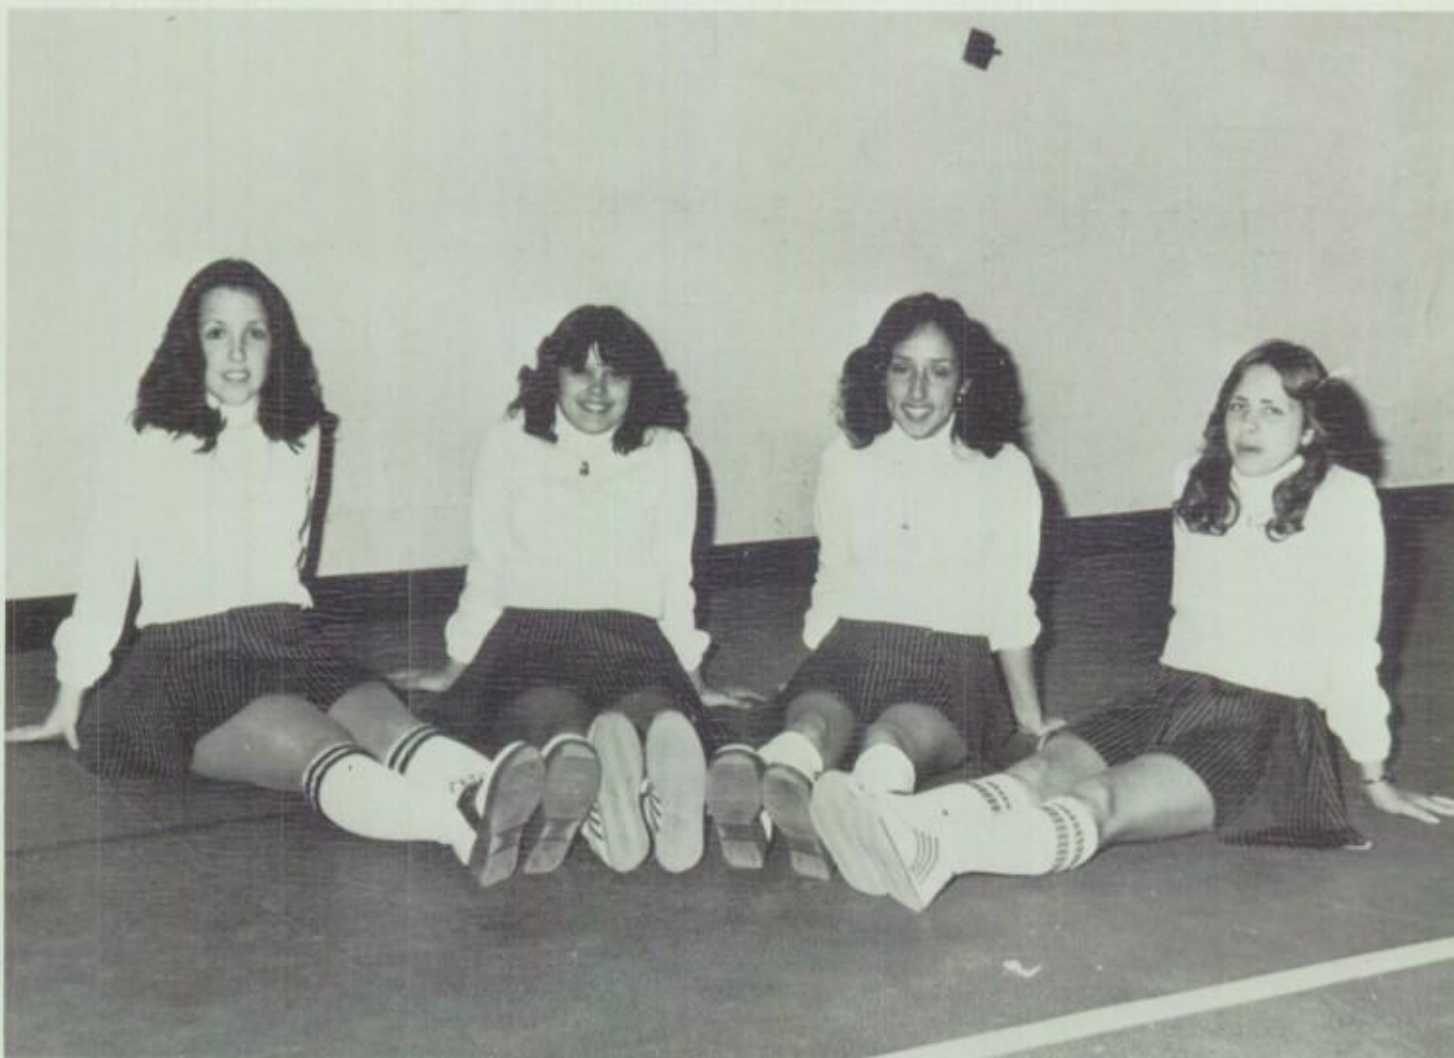

Haka, that's the new name for the Rancho Mat Maids. Haka was responsible for all the score, time, and stat keeping throughout the wrestling season. Rancho's Haka members did not only support the Varsity team but the Junior Varsity as well. Haka had many fundraising activities including a key chain sale, candy and bake sale, and also sold refreshments at some of the matches. Initiation for the club this year meant having to wear wrestling uniforms to school all day. Haka really supported their wrestling teams and brought forward Rancho's spirit.

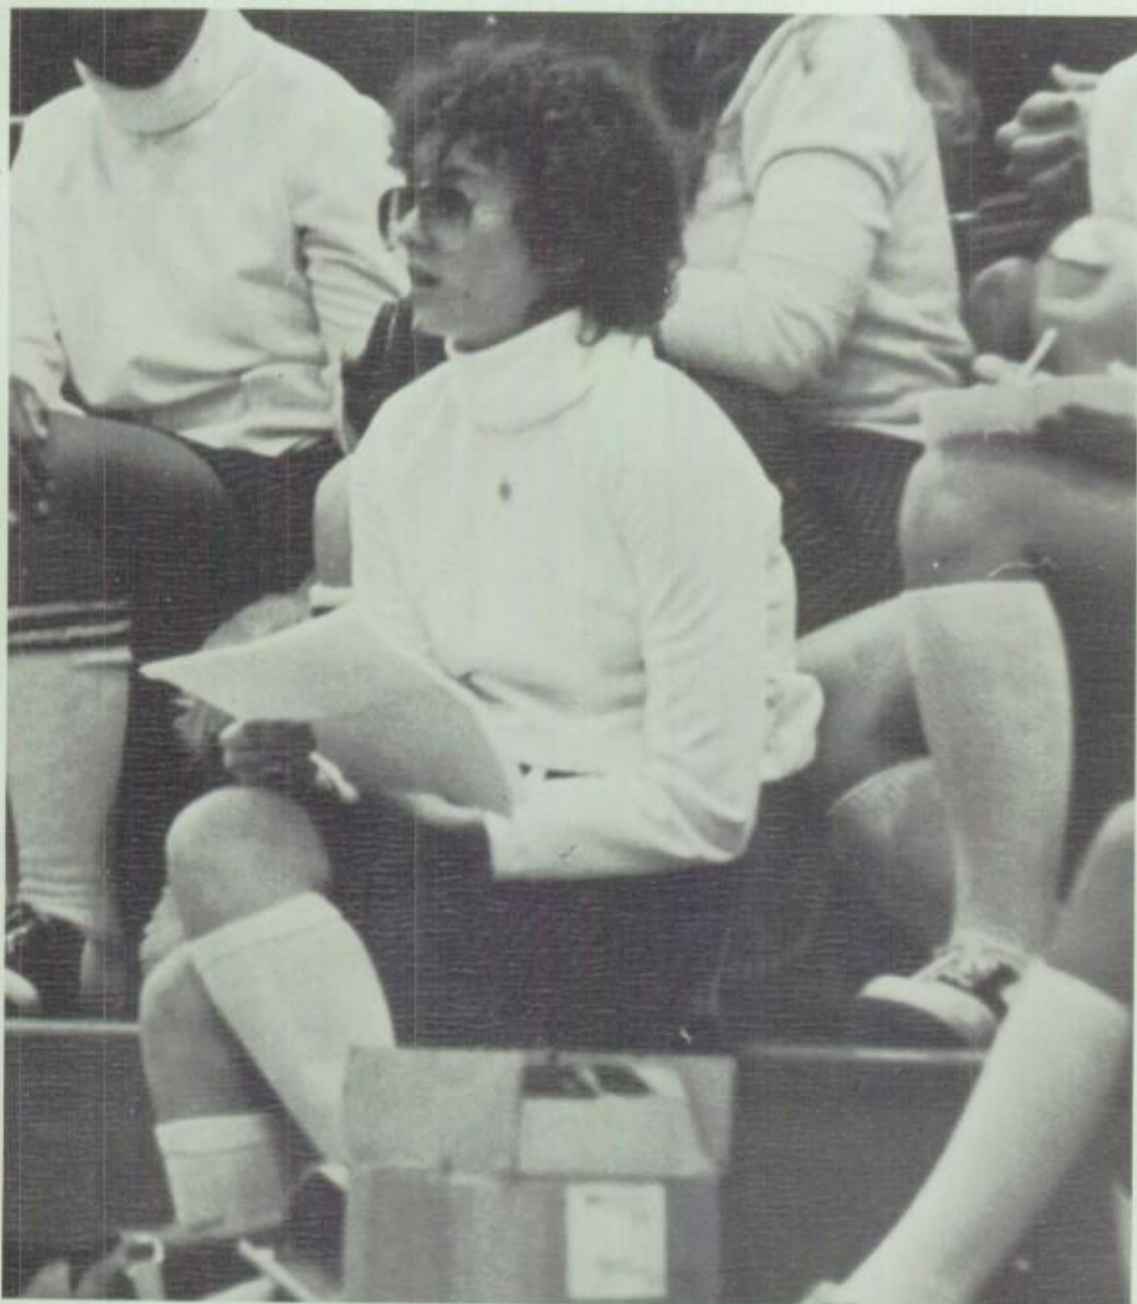

Officers for this year's Rancho's Haka were: President, Nina Little, and Vice President, Karen Eicher.

Haka members are: *First row:* Joni Hill, Beverly Wortham, Michelle Orton, Diana Cope, Amy Head, Rayla Fuji, and Karen Eiker. *Row two:* Kim Mitchell, Janie Hollander, Sonya Montoya, Nancy Bowlton, Holly Martin, Kelly Richardson, Cae Pennington, Heidi Bond and Nina Little.

Young wrestlers get experience

Varsity wrestling team started out the season on the right foot with two straight wins to Western (51-20) and Vo-Tech (57-9) After the two straight wins, Rancho had the smell of defeat to Las Vegas (26-36). But only to come on strong and trample over Boulder City (42-23), Eldorado (36-26), Gorman (42-24), and finally Clark (39-33). After four straight wins, the Rams were feeling high. They then met the three strongest teams in the conference. The Rams lost those three games in a disappointing view. Their next match was Bonanza, the last game of the season. The Rams wanted this one more than any other one. This one would put their hopes up high for the Zone Tournament. The Rams won it 42-24.

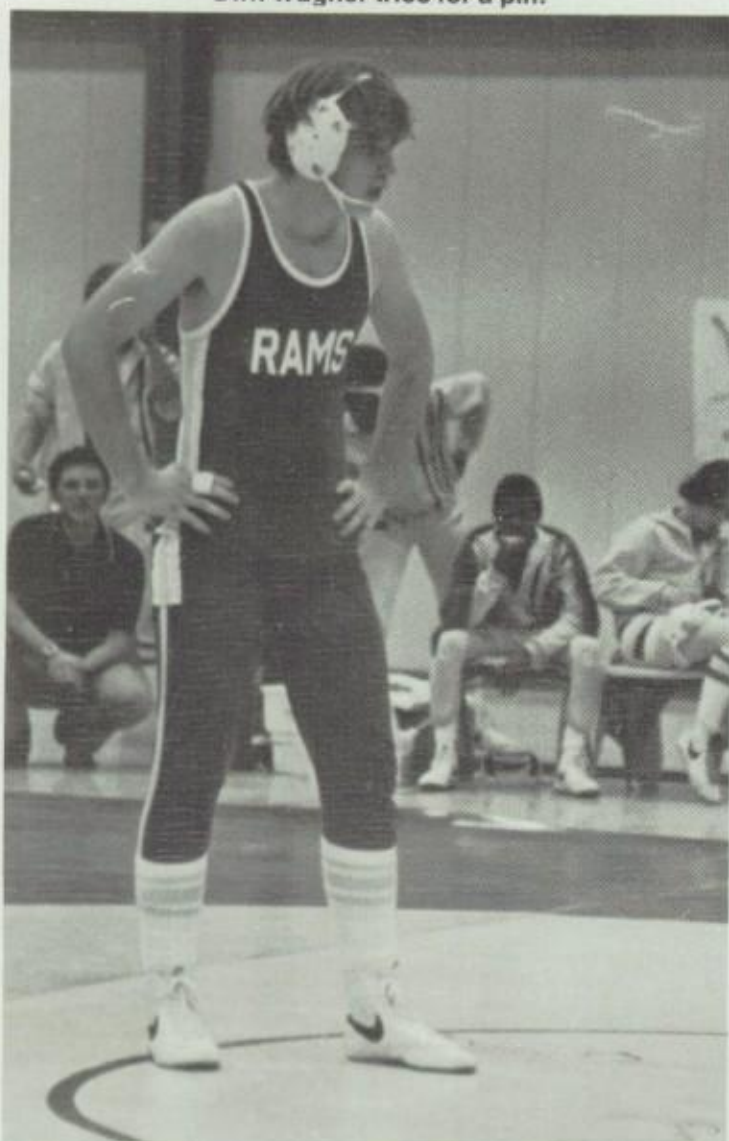

Warming up before the match is a must for all wrestlers to prepare for six minutes of continuous work.

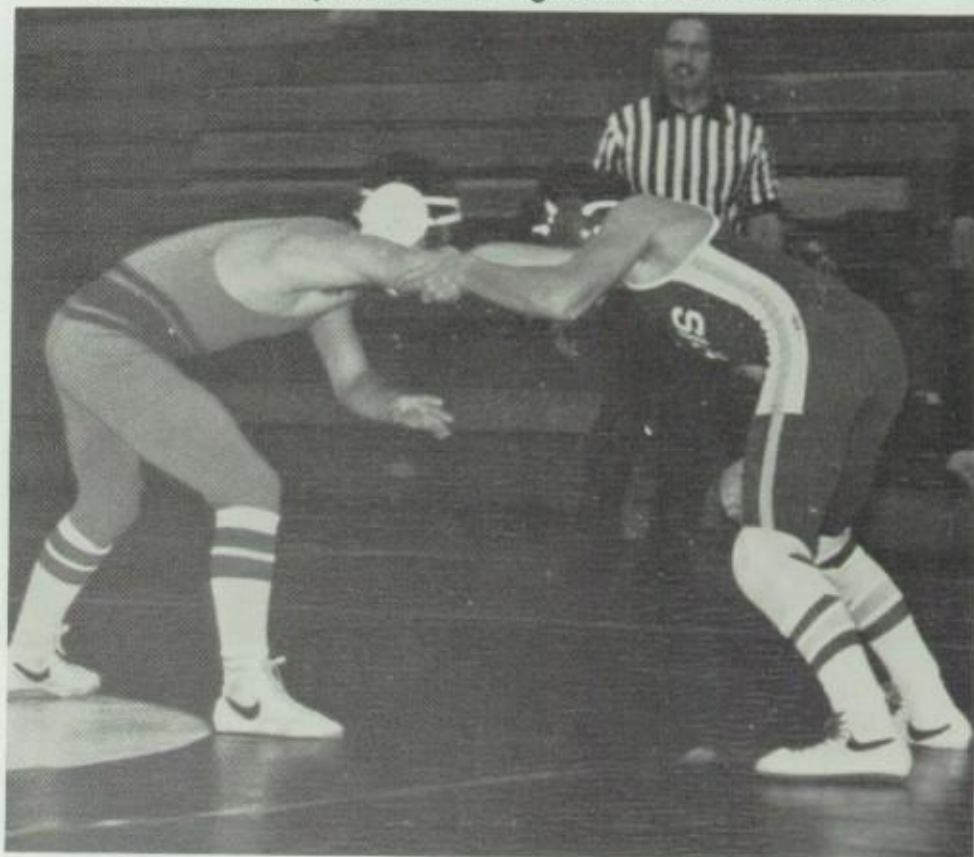

As the whistle blows to start the second period, Dirk Wagner tries for a pin.

Volleyball girls take zone trophy

Going into zone tournament, the womens volleyball team posted a respectable record of 14 wins with only five losses. They turned Basic High upside down and Eldorado to win the zone championship.

The coach of the team Bonnie Flaagan, who is also a P.E. teacher stated "the reason why the volleyball team did so well was because they had strong perseverance and very enthusiastic about volleyball. They were also very competitive."

"It is very hard to pick out the most valuable play" remarked Bonnie Flaagan, "because the team was so evenly matched this year."

One of the main reasons why they won zone they could stand up against pressure. During the zone tournament all of the members did a fine job according to the coach. Vaso Tzealis was named athlete of the week by the Las Vegas "Sun" because of her outstanding play during the tournament.

Donna Searles the captain of the team said "One of the main reasons was because the team was so close."

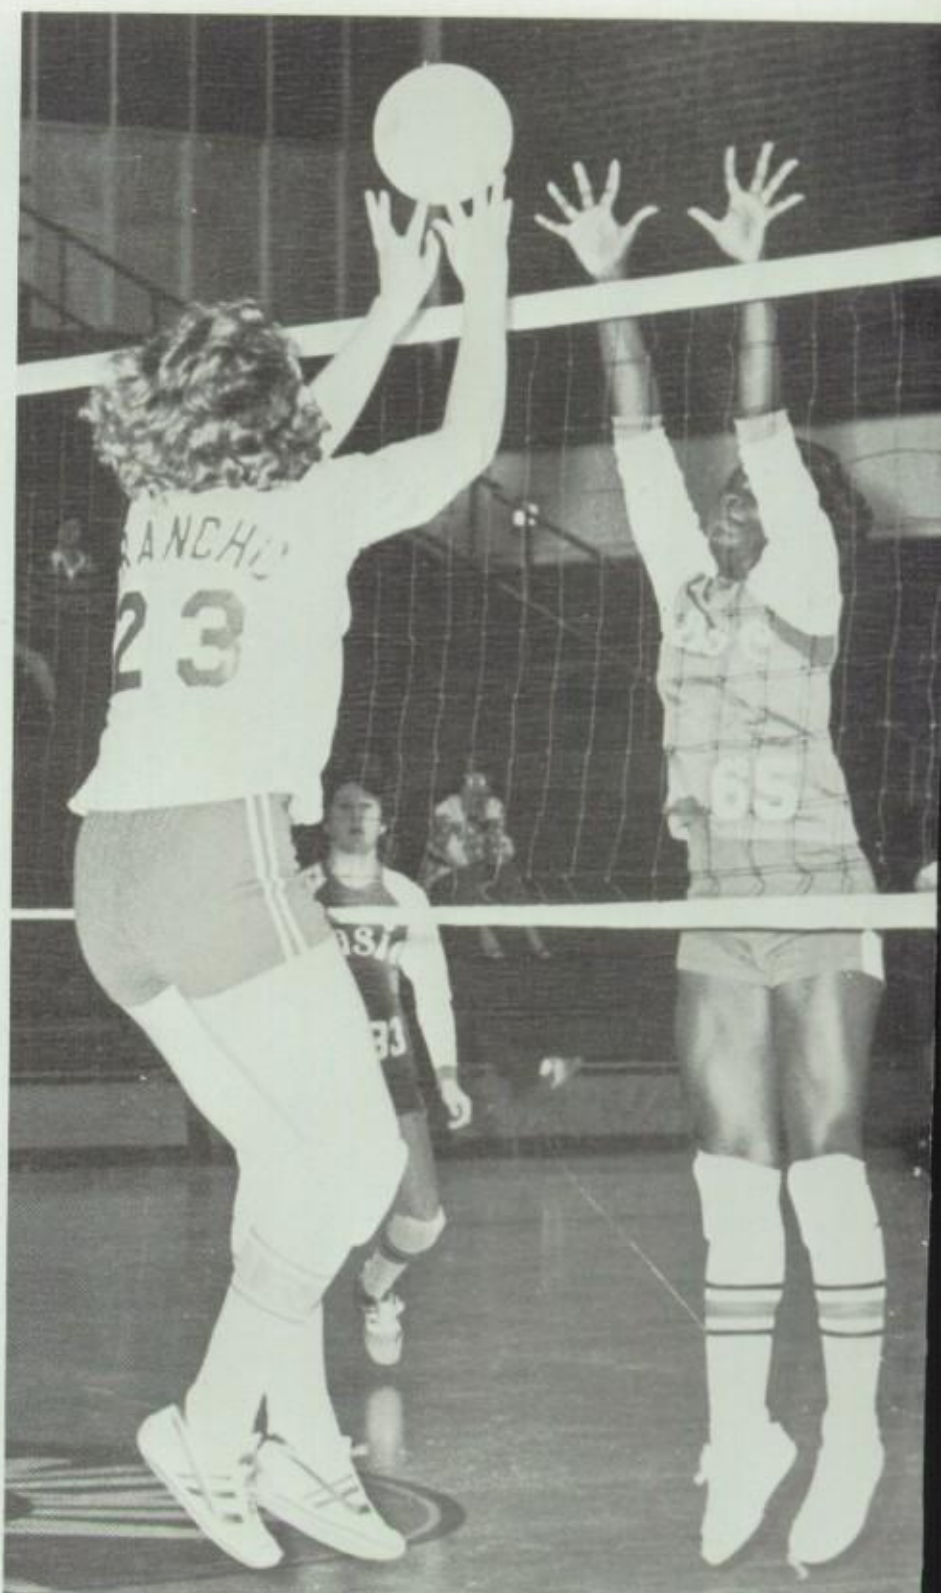

Spiking the ball is Senior Darlene Roque. In her years at Rancho, Darlene has involved herself in many sports.

Up in the air against Basic goes Vaso Tzelalis, a valuable Ram.

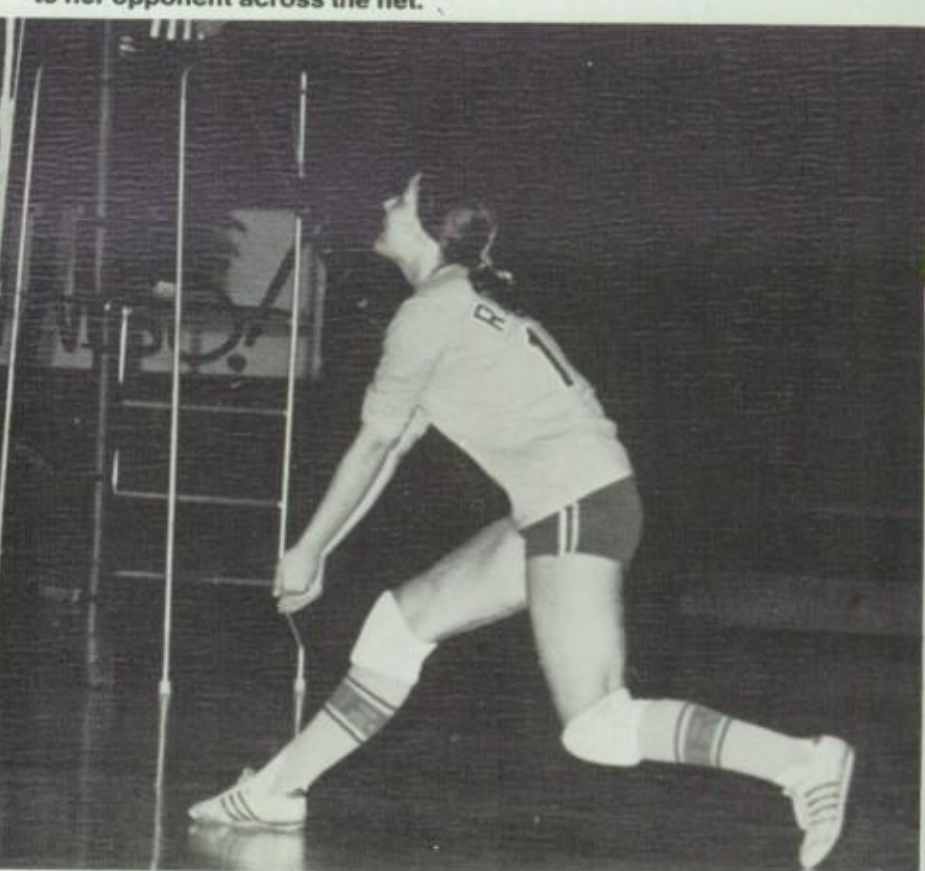

Junior Renee Ernest shows her contributions at a game against Basic. Renee was a varsity player this year.

Senior Darlen Roque exhibits her volleying skills as she volleys the ball to her opponent across the net.

Varsity player Donna Searles who is a senior this year has contributed a lot to the team this year. Bumping the ball across the net to her opponent is only one way Ann shows her many volleyball skills.

J.V. girls bring wins

Volleyball is a fast action game that contains spikes, bumps, and volleying. There are six girls on a team that rotate and play different positions.

Under the direction of Francis Price the girls' junior varsity volleyball team had a good season this year.

Coach Price said "I'm pleased with the way my team played this year. They played well after they got confident."

Having a winning team means a team must be close and work well together. Coach Price stated "The team was equal, there was no star player."

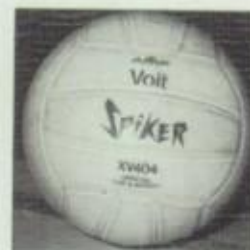

Showing teamwork during a game are two Junior Varsity players Starline Norefleet and Linda Grant who are bumping the ball.

Bumping the ball to her opponent is Junior Varsity player Starline Norefleet who has benefited the team.

Bowlers strike in good alley form

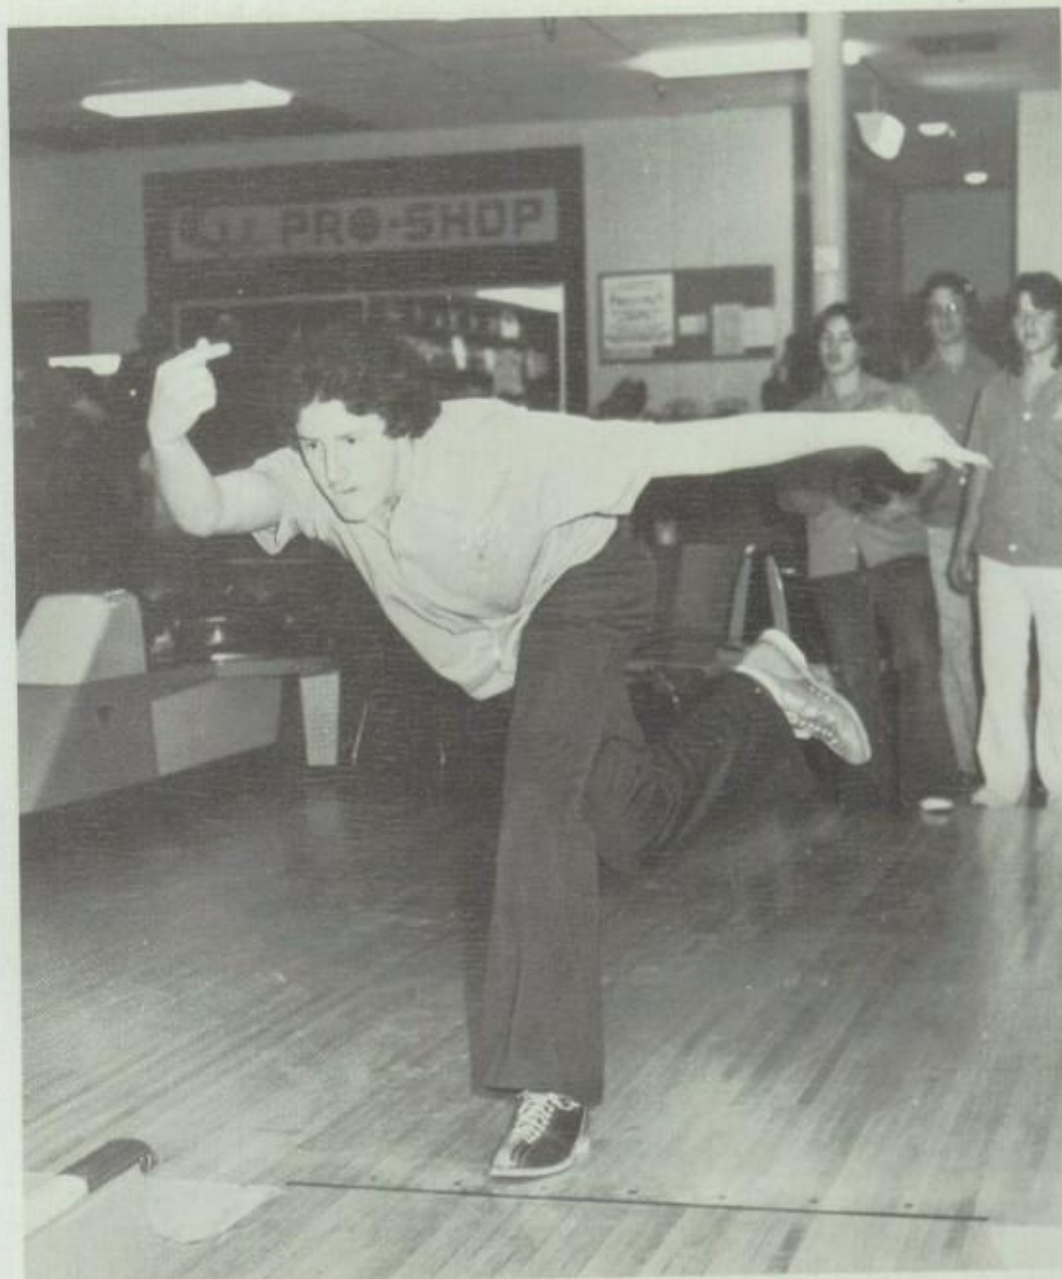

This year's bowling teams consisted of three recruiting lettermen and only three seniors, two boys and one girl, along with the other team members.

Mrs. Barnson commented that the season was a successful one and that the teams' toughest match was against Western High School.

On the boys' team, journeymen Brian Guido and Kenny Roll were tied in the vote for most valuable player. For the girls Bessie Reed showed what she had as she was voted most valuable player and had the highest game, highest series, and top average for this year.

Most improved players for this year were, for the boys, Kevin Prince and Nancy Travis for the girls. Most improved player is determined by the increase in points from his or her first score.

Head Coach, Mrs. Barnson, was quoted as saying, "We should do better as well have more experienced players." The team and coaches are looking forward to a good season next year.

Administrators keep busy

Remember when you were in grade school and thought that the teachers and administration never left the school, they just sort of lived there. They turned off at the end of the day and turned back on when the students returned in the morning. We all know differently now, or do we?

For example did you know that when Laura Dodd isn't busy as one of the deans at Rancho, she attends classes at U.N.L.V., skis, and is a life guard.

When Larry McKay isn't supervising school activities, and heading the Health, P.E., Industrial Arts, and Mathematics departments, he plays in a softball league and officiates basketball games.

Alan McNulty goes bicycling, back packing, and swimming when not busy with the English department, Library Science, and Title I programs.

Daisy Miller is in charge of Special Education, Foreign Languages, Home Economics, Performing Arts, and Social Science departments and sews and listens to music from Jazz to Country Western in her spare time.

Susan Robinsons duties include Business, Science, and Counseling departments. When not busy with these she enjoys water skiing, dancing, and reading.

When Steve Weiner isn't disciplining students he is working to get his doctorate at U.N.L.V., playing trumpet in an orchestra on the strip, and played briefly with the group Blood Sweat and Tears.

Rancho's administrators are not only busy at school it seems, but also in their personal lives.

Even Sue Robinson joins in on the newly introduced reading program.

Business skills aid in future

To high school students, choosing their career is one of the most difficult tasks in their lifetime. There are a wide variety of careers in the business world for those who have chosen this field; for instance, accountants, secretaries, administrators for hotels and motels, financiers, bookkeepers, managers, computer operators or business teachers.

There were many classes in the Business department which will help the students pursue their careers. Some of the classes were typing, shorthand, bookkeeping, accounting, filing, office procedures and general business.

According to Wayne Adams, chairman of the Business department, Data Processing was considered a new class, taught by Lue Ann Amburn, this class helps students learn to operate terminals for computer systems. This class was taught for one semester.

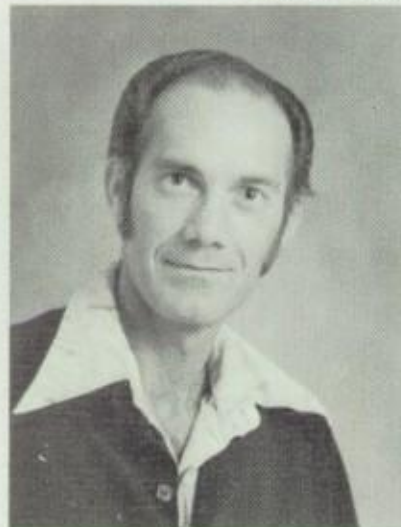

All the classes in the Business department were divided among the thirteen instructors. The newest member was James Allen who taught Career Math, Career Orientation, Cooperative Education and Quest programs.

While in her office machines taught by Wade Badam is Sylvia Helms who is busily working.

Field trips aid class creativity

The fundamentals of English were enhanced once again this year by the Creative Writing classes' field trip. Students were given a day off to express themselves and record their reactions to the delapidated buildings at Spring Mountain Ranch and the western facade of Old Nevada.

Creative Writing was one of the many courses offered by the English department this year. Others included; American Literature, English Literature, World Literature, Journalism, Publications, Themes in Literature, Linguistics and composition, Reading and Speech.

Robert Ellsworth, head of the English department, reported the addition of one new teacher to the staff, Jennie Scott. Ms. Scott is a graduate of San Francisco State, where she studied for five years. A newcomer to Las Vegas, she expressed satisfaction with her job as an English teacher here at Rancho.

Performing arts encourages pupils

"Performing Arts is a very worthwhile department, dedicated to advancing students with a special musical or athletic talent, while giving other students a chance to look into this field," Larry McKay, department head stated. He also expressed that opportunities in entertainment are abundant in Las Vegas with so many careers available in the instrumental and dancing field.

The department featured such groups as; the drama department, Chorale, Celebration, the Rancheros, Ramettes, tall and short flag, junior and varsity band, cheerleaders and songleaders. Involvement in these groups, according to Mr. McKay, is beneficial to students in developing pride and accomplishment, as well as giving students a chance to work with fellow classmates.

Sharon Larsen, a sophomore, dressed in the Ramette flagteam initiation attire, pauses after an assembly performance.

Spanish teacher Emilio Fernandez interrupts part of his daily routine to pose for one of the El Sol photographers.

Languages give students an edge

"Rancho has a larger number of students enrolled in Spanish III classes than any other school in the county," stated Edna Golem, the chairperson of the Foreign Language department. Besides having the largest number of Spanish students, the Spanish classes have been chosen to experiment in a pilot study entitled "El Español Al Dia." The pilot study has a new textbook closely resembling the textbook used last year.

Taking a foreign language offers many benefits to students. For instance, students will have a better usage of grammar, personal growth, enjoyment of later life or job opportunities.

Industrial Arts proves useful

Industrial Arts are technical arts used in industries which will provide students with many educational opportunities and benefits.

With the addition of a new class in the department this year there was a wide variety of classes from which students could choose. They were: Foods, Housing Interior, Woods, Electronics, Auto, Child Development, Drafting, Architecture, Crafts, Studio Art, Drawing, Art, Metals Technology, and Clothing. The new class was divided into two semesters and was Home Craft and Consumer Management. Carolyn Burns was the instructor of Home Craft which taught students knitting, weaving, and crocheting.

The chairman for the Industrial Arts department was Wade Boyce.

Mathematics gives logic to students

One of the projects of the mathematics club, a club which is sponsored by the math department was to choose an outstanding senior in mathematics, and award her/him a one hundred scholarship.

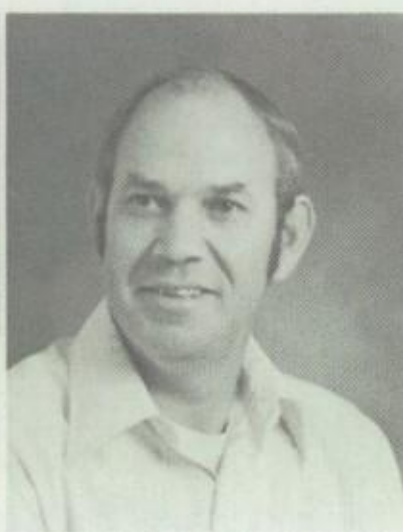

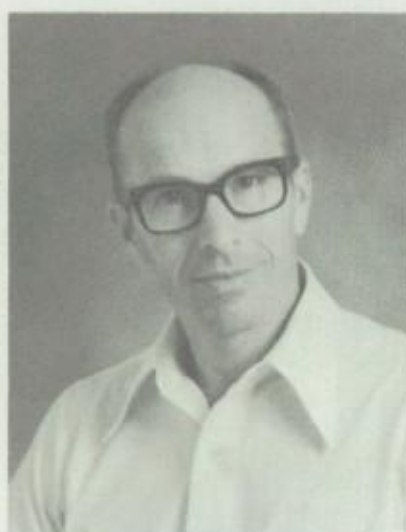

Our mathematics department had a large range of classes for the student at Rancho. They were basic math, introduction to algebra, algebra I, algebra II, computer math, trigonometry, calculus.

There were three career-oriented math classes. They were computer math where the student figures out percentages and other math problems. The two other classes were calculus and trigonometry where they learned logarithmic function in one variable and function of angles, triangles plus advanced algebra and other mathematical functions.

There were ten math teachers and James Wahl was the chairman of the math department.

Health and P.E. bring on sports

Since P.E. is a required subject in the state of Nevada, it naturally falls to the P.E. teachers to make courses as varied as possible.

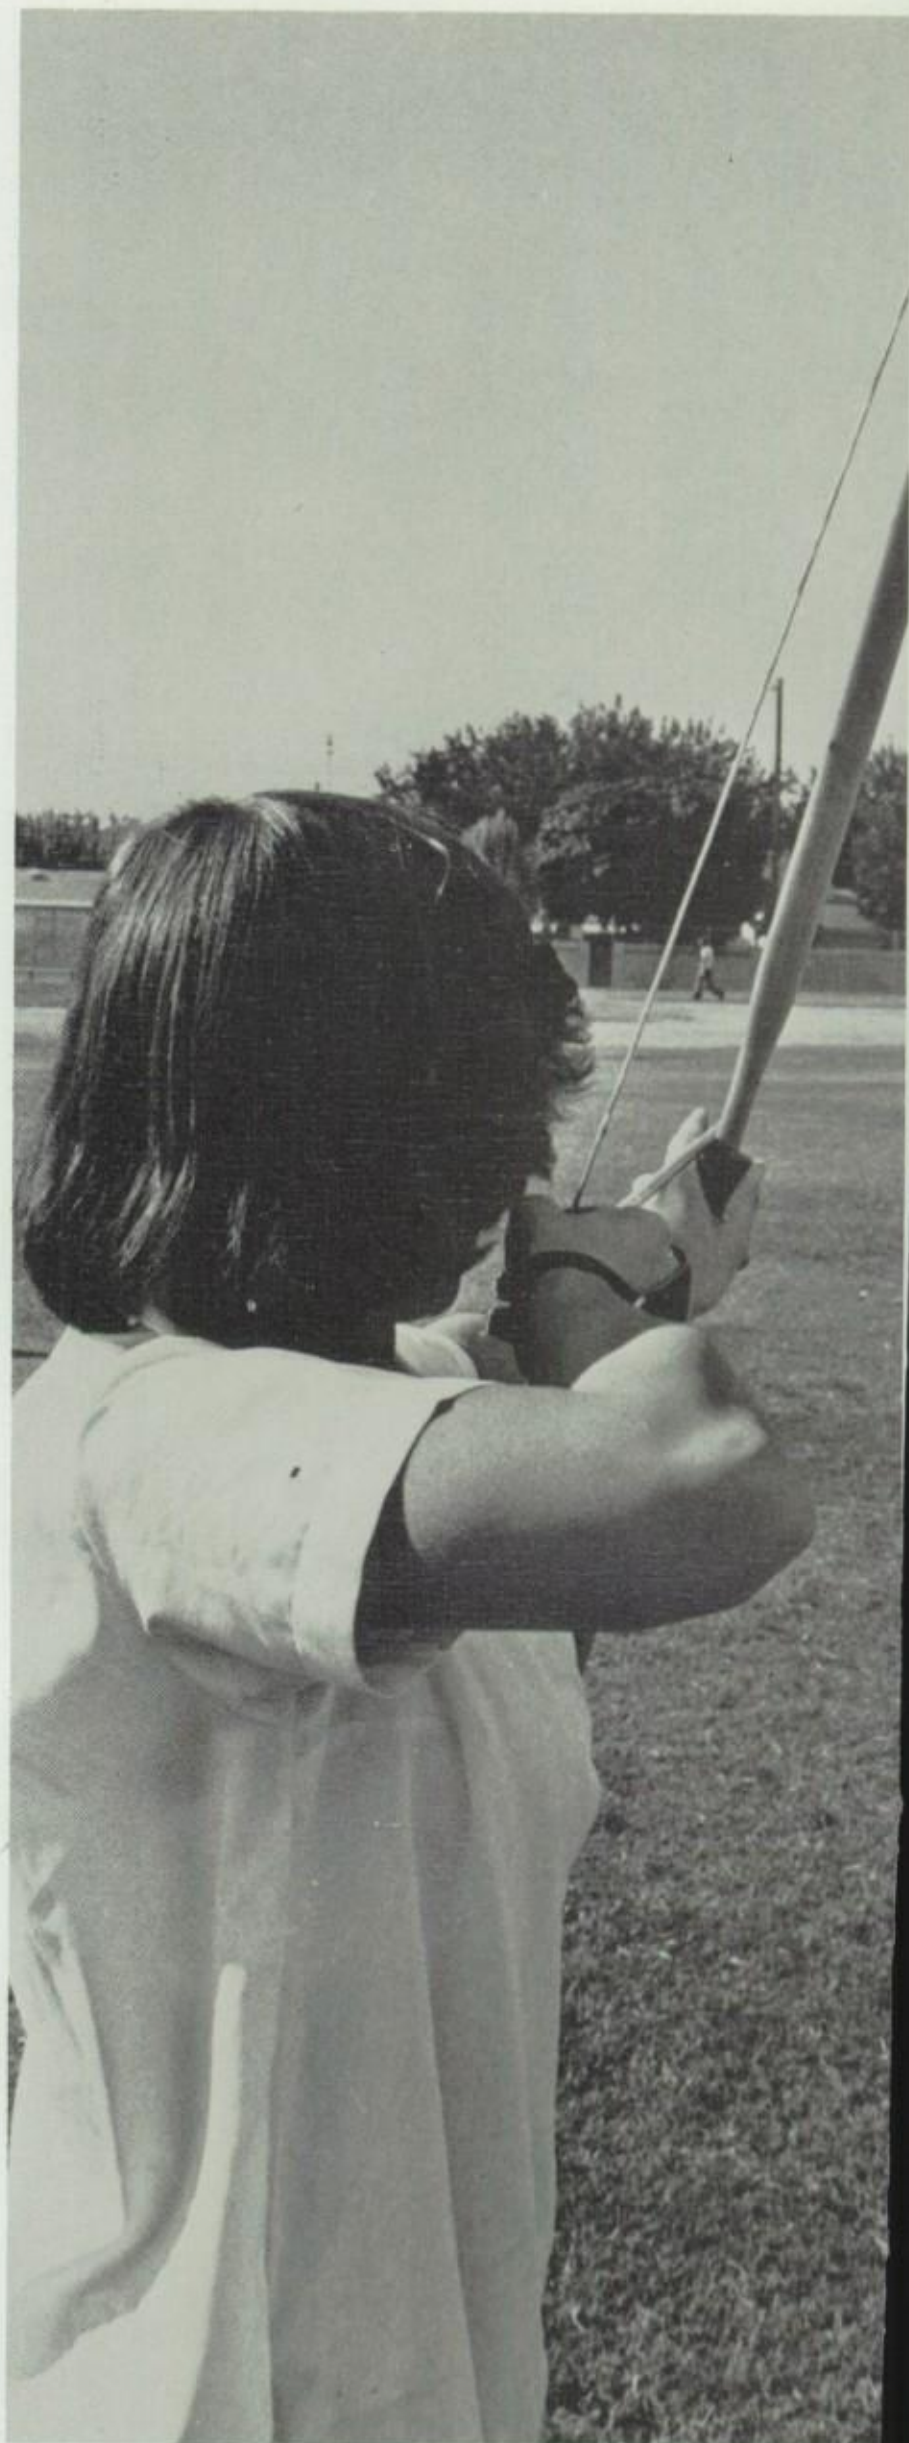

Classes in weight training, lifetime sports, P.E. I and II are offered to the students. The teachers are qualified to teach a variety of courses like: Archery, Fencing, Softball, Volleyball, Flag Football, Basketball, and Ping Pong, to mention a few.

This year a change has been made in the freshmen P.E. classes. The classes have been combined and are now Co-Ed.

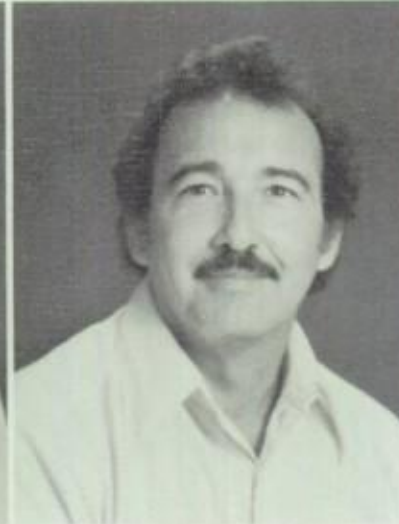

One new teacher was added to the department. Carl Barbeau, a health teacher last year, is now teaching Freshmen P.E.

Young chemists like experiments

A high school science program includes a variety of divisions in the scientific field. Among the classes taught at Rancho were physics, astronomy, zoology, chemistry, and biology. More emphasis was placed on labs, with students experimenting with the elements in chemistry and the use of slides and microscopes in biology. These classes received much new laboratory equipment and textbooks.

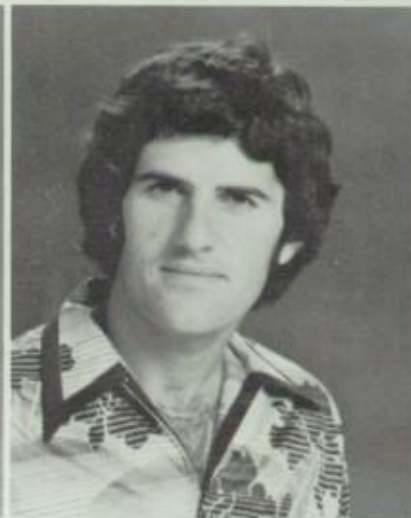

"Science is everyday life," declared Terry Preator, chairman of the science department at Rancho. "It helps people understand the life around them."

The science department sponsors one of the largest organizations on campus, the Rancho Academy of Biological Science. One of R.A.B.S.' major contributions to the school was the R.A.B.S. Museum.

Biology classes have been well-filled by students in previous years, however, chemistry classes seemed to pick up in enrollment. Patricia Coon taught Zoology, a college-prep course.

A senior student works to fill a graduation requirement as she ponders the government assignment for the day.

Willis Caples, a teacher in the Social Studies department, lectures over the day's agenda, emphasizing the main idea of the assignment.

Social Studies explains behavior

"Social studies helps people know and understand the world they live in," declared Ronald Walker, chairman of the social studies department. Mr. Walker said he felt that social studies is great for all students, and that the history classes offered at Rancho are especially helpful to the college-bound individual.

A new course, Crime and Justice, found a welcome audience in the students. Taught by Joe Lendini, the class was designed to help students learn the basics of public laws and court procedures.

One of the changes in the social studies program this year, was the fact that history is no longer offered in both basic and advanced classes. Mr. Walker felt that merging the two classes was a good move.

Counselors solve student problems

"The counselors' main task is to help students get adjusted," said Randall Roberts who was in charge of the counselors this year. The counselors were also very helpful in successfully finding jobs for a few students.

Each counselor was in charge of a department, as well as having a section of students for counselees. For instance, Randall Roberts was in charge of testing, Judith Warner was responsible for scholarships, Ken Divich was in charge of liaison, Maggie Pearson's specialty was human relations, Bob Peck was in charge of special education, and Ruth Maughan was responsible for young adult center.

The student body was divided alphabetically between the counselors except for the freshmen class. Robert Cooper was in charge of it.

Secretaries help school officials

Secretaries play an important role in the success of Rancho High School and its students. They perform many tasks that are necessary in assisting our administrators and counselors. Their duties include typing letters, filing records, and setting up daily appointments for their employers.

The front office is ably managed by secretaries; Mona Vandever, Sheri Cooley, Shirley Elliot and Dottie Silvestri. The student activities office is aided with By Wadsworth.

Judi Enns is the secretary responsible for scheduling counselors so that they may have more time to advise Rancho students. Secretarial efficiency helps our school officials do a better job.

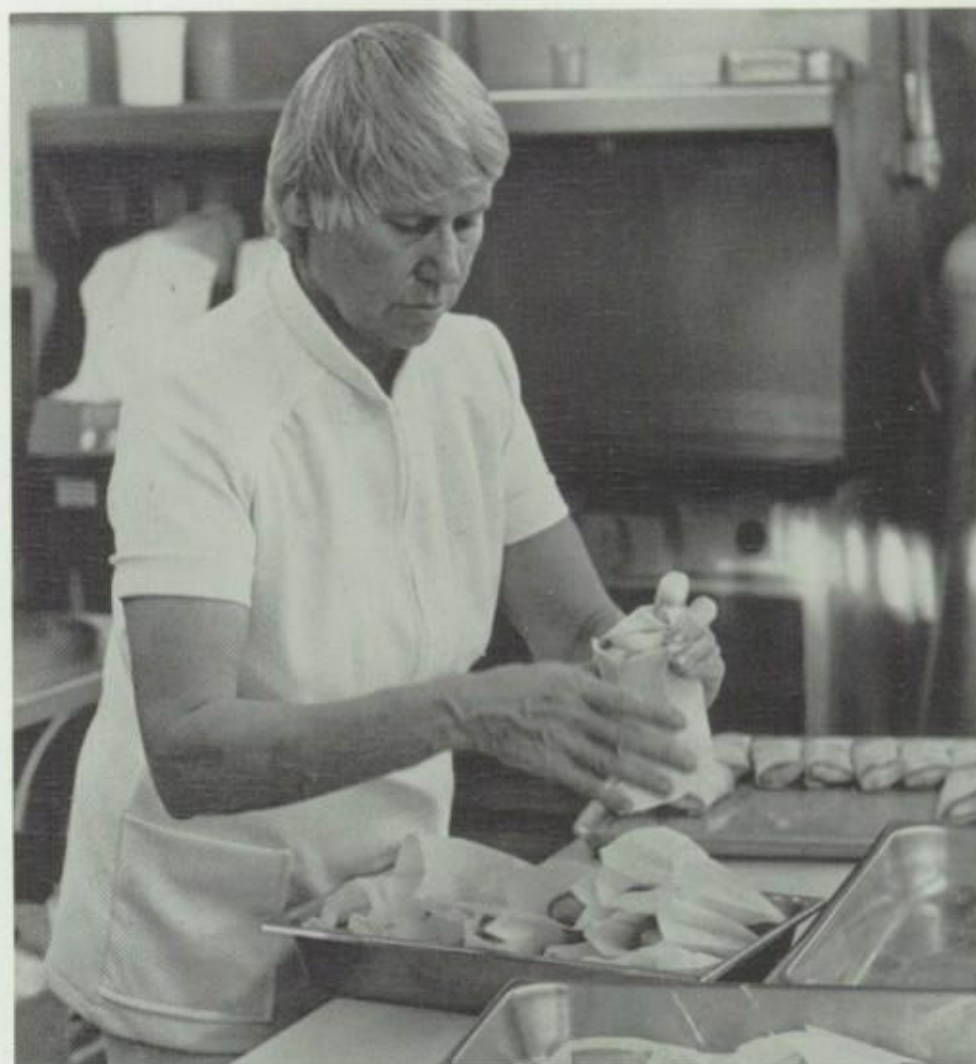

Shirley Elliot takes part in Rancho's reading program this year. She was secretary to Alan McNulty, Assistant Principal.

Jobs benefit student body

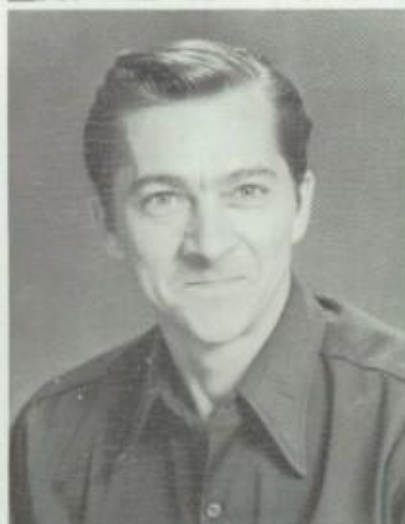

Varied jobs were important and a necessity for the student body and faculty this year.

The cafeteria personnel worked hard daily to provide a variety of hot and cold foods to serve during the lunch periods. A new item was added to the lunch menu this year a foot long hot dog.

Other jobs so needed in any working atmosphere were the monitors, custodians, teacher's aides, and clerks.

Doing one of the necessary jobs to prepare for two lunch periods is Stella Acuff, one of the cafeteria workers.

Doug Hawks, senior, recently made his first parachute jump. Here is Doug's account of the happening: "I made my first jump on August 8, 1977 out of a C-205. Robert Ackeson was my jump master. I had training on how to land, exit the aircraft, how to fall, what to do in case the parachute does not open and what to do when it does. I jumped a parachute called a T-10, since I weighed just about 200 pounds. Now I'm 155 pounds and jump a 28' double L and a 24' reserve. I jump from an altitude of about 3500 feet. My parachute has opened every time. I have made ten jumps so far. On one jump the pilot was not able to cut the engine, and I had a little trouble getting out on the wheel. On the tenth jump I landed in someone's back yard. I thought I was either going to hit the house or hit the fence. I ended up in the middle.

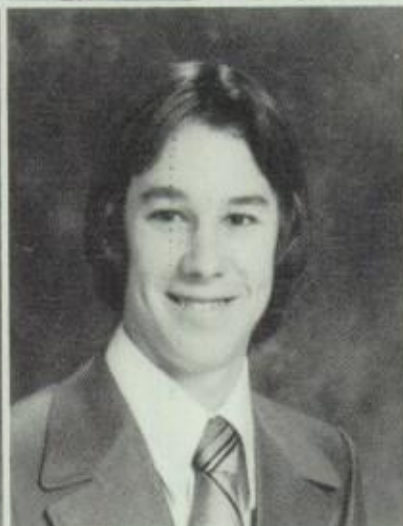

I own my own parachute but I'm not allowed to jump it until I have 25-30 jumps. My parachute is a Para-Commander. It's black, yellow, and red".

"Goldfinger" is a name once could give to Dale Skaggs, senior. Dale collects gold nuggets that he has obtained from people plus such places as New Mexico and Kansas at the price of about \$20.00 a piece.

Being involved in this project for 5 years. Dale has 12 nuggets ranging from $\frac{1}{2}$ " to $3\frac{1}{2}$ " in size. His collections is worth 500 to 600 dollars. When asked if in the future the price of the nuggets will rise, Dale shrugged his shoulders and replied, "When the gold market goes up, the price of my gold will go up."

Dale keeps his nuggets in a locked metal box in a safe. He thinks this is a fun hobby because each piece of gold has a different shape to it.

Dale commented that he has no intentions of selling the gold nuggets. He plans on continuing with this project and see how many nuggets he can collect in the future.

Would you ever believe that horses could square dance? "Well, the California Apple Valley Dancing Hoofs can," says Senior Renee Rochelle, from Rancho High School.

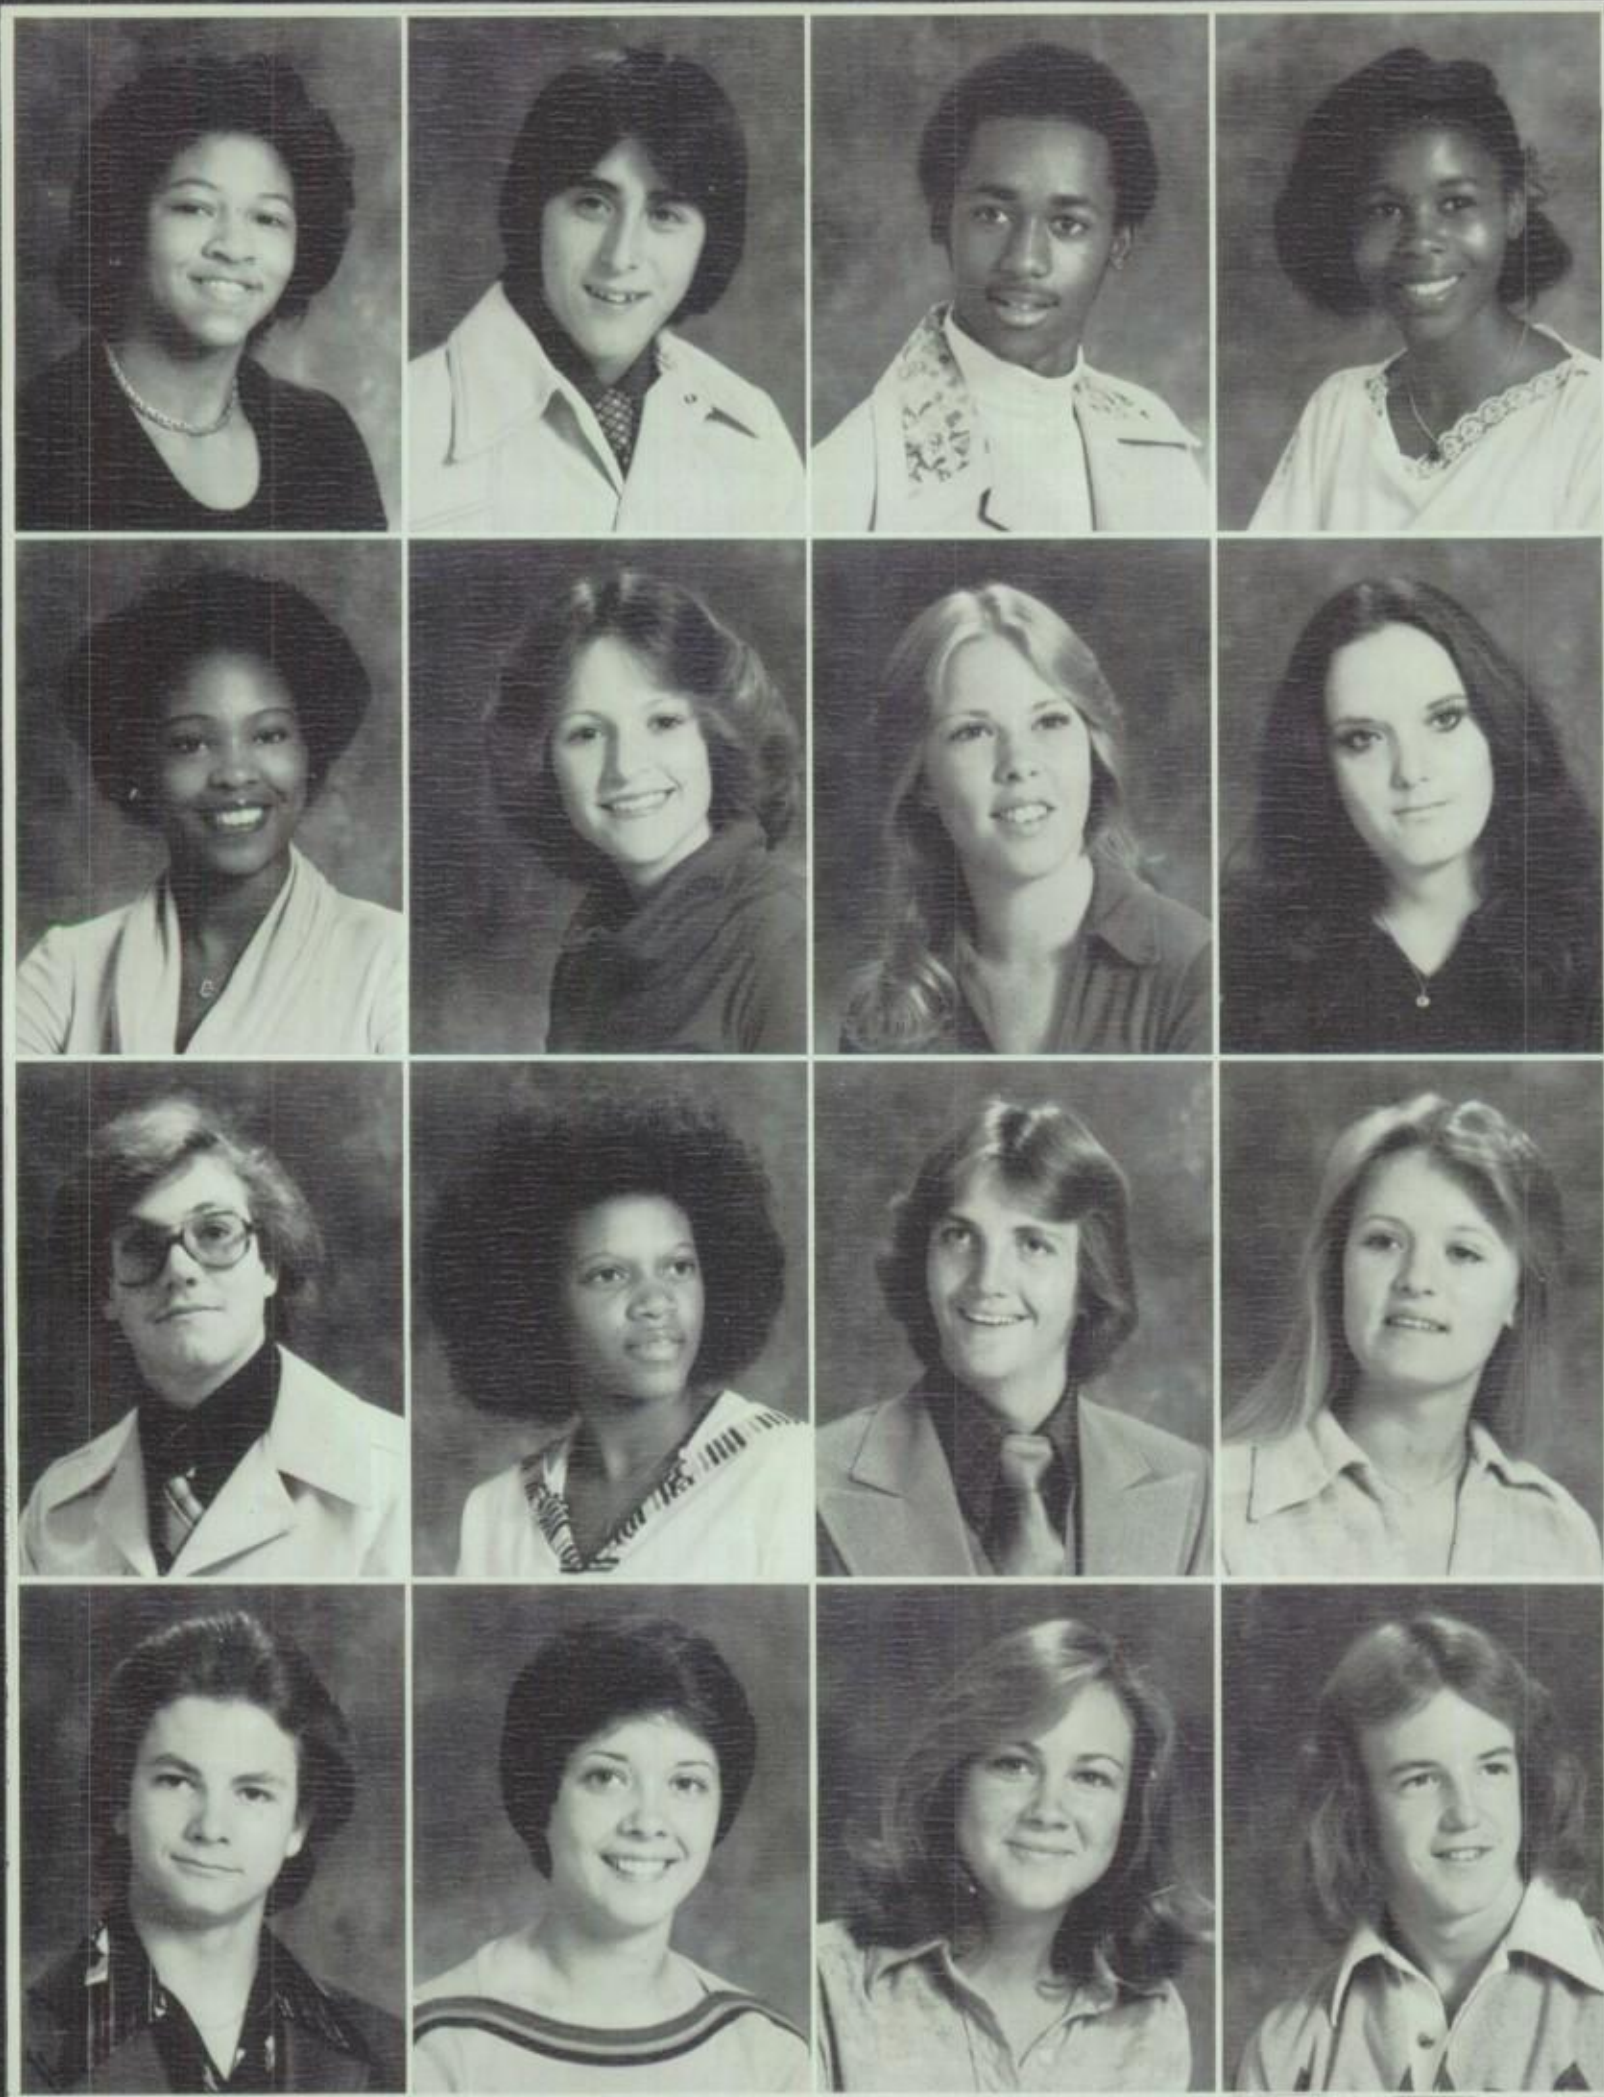

Renee has been a member of the dance team ever since she was thirteen-years-old. But, before she could be a member, she had to be a member of the 4H Club, and she had to own her own horse.

The inventors of this horse dance are Hattie and Floyd Gibson. The horse team is originally from California, where the horses performed at rodeo's parades and state fairs.

The horse team includes: Twenty-one horses, four ponies and a rider on each one. The dance begins in a center square with a pony in each corner, and the rest of the horses are in a straight line facing one another. Every horse wears a long skirt that hangs from the neck down to the feet. The performance is started with a dosie doe and is continued in a square dance form, except that the horses do it, with only the guidance of their trainers on their backs.

Renee now owns three horses which she works with and trains everyday. Someday she plans on breeding one of her horses with a champion show horse, so her colt could be raised to be a champ too! Renee also plans to raise quarter horses in the future, when she is older.

Have you ever wished that you could go abroad, and see other countries and live as they do? Dena Kirtley, a senior here at Rancho, has fulfilled that wish. Dena was accepted by the American Field Service to be a foreign exchange student next year.

How did she get accepted? All she did was fill out an application which was sent to New York. In New York they reviewed what she had written about herself and her family, and the purpose for which she wanted to become a part of the AFS program.

As of now Dena does not know where she is going to be sent. She was told she would find out in April. It is done this way so she can be placed with a family which will be best for her. Dena stated, "I hope I fit in easily, I want our personalities to be compatible." Dena will live with a family which applied to have a student just she applied for a family. The family is thoroughly screened and students are carefully placed to have the best stay abroad as possible.

"The main reason a person is accepted is your general outlook on the purpose of the program and how you plan to use the experience abroad after you return." Dena commented to an El Sol reporter.

Though Dena had to include a copy of her grades, they really don't mean much to the AFS. But the family may decide that they would rather have a student with a high aptitude rather than low.

When Dena returns in August of '79 she will work until the Spring and then she will enter University of Nevada Las Vegas.

It will cost Dena approximately \$1250.00. This includes round trip fare, food and everything she will need.

"My family is happy for me. They too, had been waiting. And we share the same feelings."

If you think getting caught in a blizzard is boring or dull you might change your mind after talking to Tom Hoffmann, senior.

Tom and a friend were caught on Charleston Peak for 16 hours during a blizzard. The two were backpacking when the mishap happened.

Tom first became interested in backpacking two years ago. He found out about the sport by talking to friends and reading up on backpacking.

Tom has traveled to many places with this activity. Some are Zion, Red Rock, Charleston Peak, and the Grand Canyon. The Grand Canyon is a very good place in which to backpack.

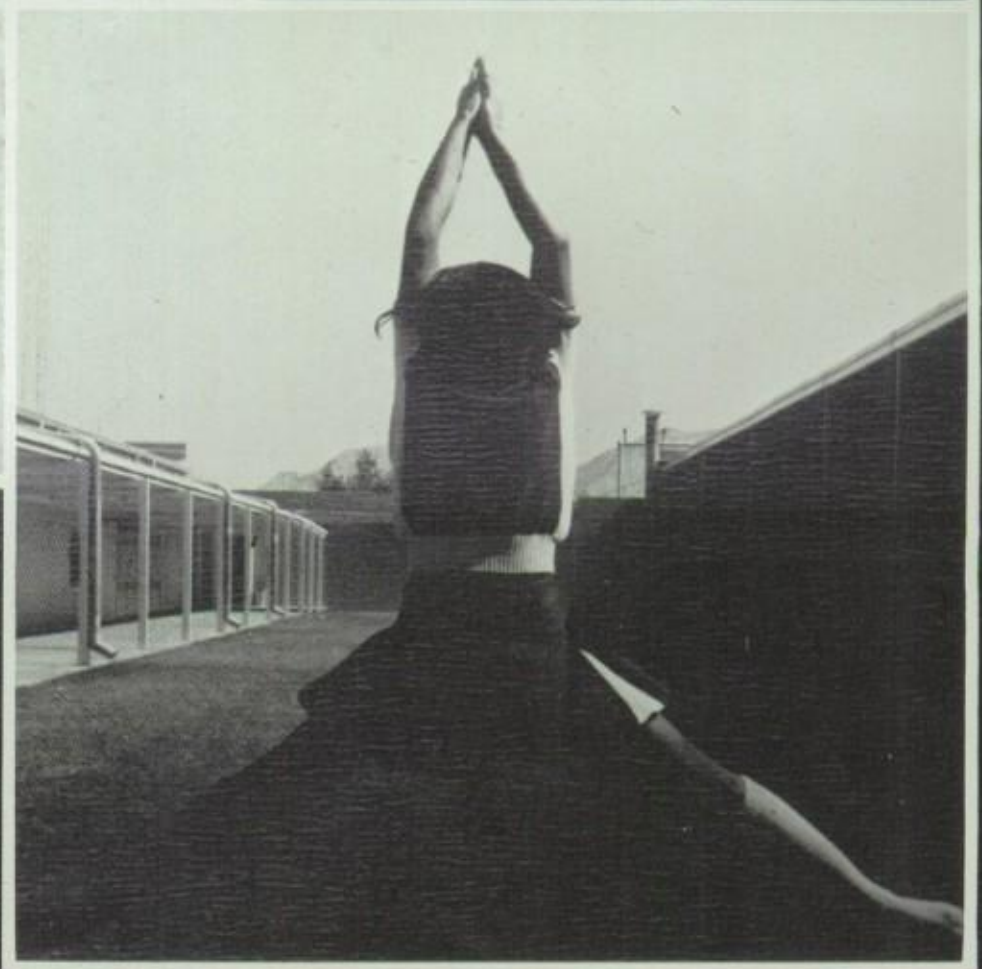

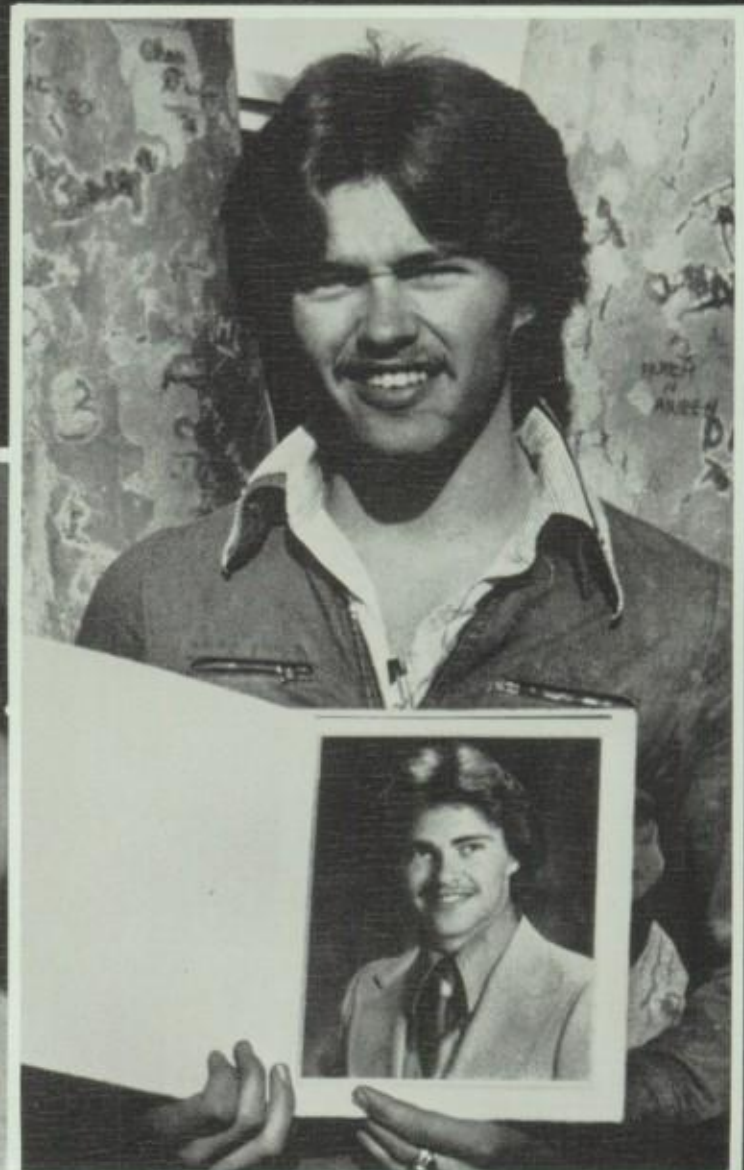

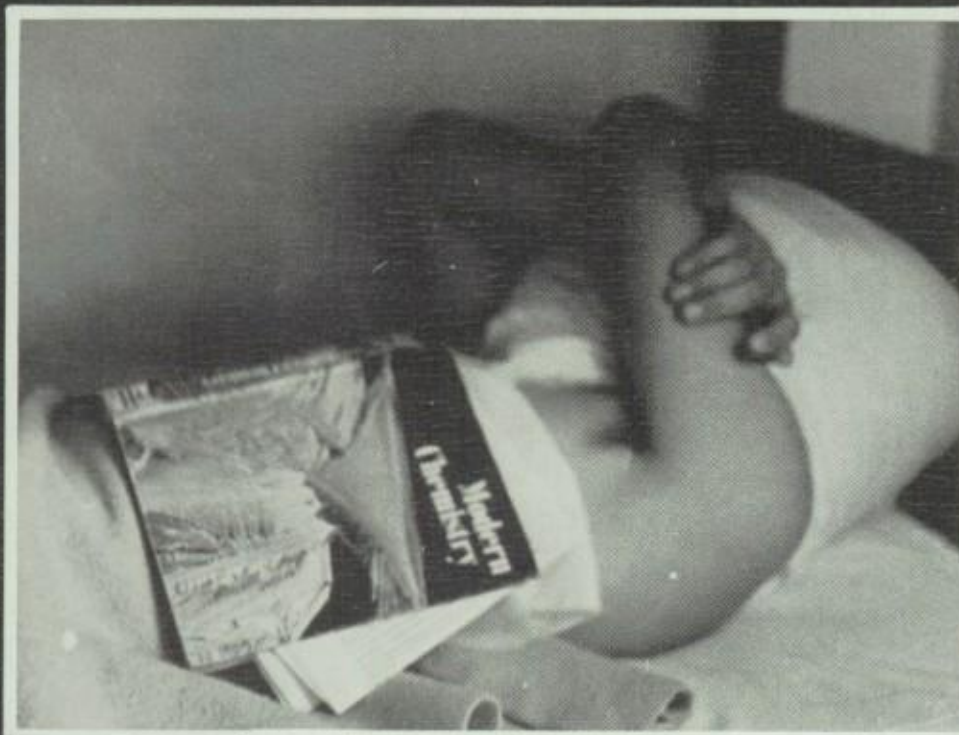

When Tom was asked what equipment he used, he replied, "I use the regular stuff. My equipment totals \$450.50." Tom first started buying his equipment in June of 1976.

The interviewer asked Tom where he liked to hike the best. He responded by saying, "The mountains. Up there there is more to see." Tom backpacks mostly during the spring and summer seasons.

Tom stated, "Backpacking is a 'good sport'!"

Tom Pathamavanu, junior, has collected stamps for six years. Tom does not know exactly how many he has but he thinks the count is around 1,000. He obtains these stamps from letters he gets from Thailand, the place he was born.

Tom's brother got him interested in this. He does not do it as often as he did when he first got started. It does not take up a whole lot of time but when he gets the stamps he has to wash them and arrange them by countries and find out if the stamps are fake or real. Tom keeps the stamps in an album.

Tom commented that a person does not have to have special knowledge to collect stamps, but one may get knowledge from the stamps such as man's first step on the moon.

Tom has a book that a company publishes in which stamps from different countries are pictured. As stamps get older they cost more. His biggest stamp is 1½ by 2.

He does not plan on selling the stamps. Tom would like to keep the stamps for the younger generation.

One-two-three strikes you're out! Too Bad! If you had been good enough, like Reggie Jackson, you could have been on a baseball card. Then Eddie Dozier could have collected you, too! Eddie, who has every team, has been collecting baseball cards since he was nine years old. He has 3,000 of them.

Eddie says he gets most of his cards from stores and conventions. He sends away for them through companies such as Tops, Bowman, Flair and Kellogs.

His oldest card is from 1932. His most valuable is one of Nick Altrock, who, born in 1878, played for the White Sox. It's a rare card. There are only 50 in existence.

Other rare cards are of Rick Froedsom, San Diego's first baseman. It's rare because of mistakes made in printing.

"There was an old woman who lived in a shoe, she had so many kids she didn't know what to do." This is the first line to a well known nursery rhyme, it may sound funny to you but to Mrs. Pecola Ernest it's very true. Mrs. Ernest is the mother of Renee Ernest, a junior here at Rancho. Renee has ten brothers and five sisters. Hold on to your seat because here come their names, ages and occupations: Bobby, 24 is an apprentice carpenter, Patrice, 22 is a change girl, Melissa 21 is a nurse at Valley Hospital, Greg, 19 is a foreman at the Golden Nugget. Michael 17,

Renee 16, Janice 15, Ronnie 12, Robert 10, Willie 9, Chris 8, Pecola 7 and Sammy 6 are all still in school. Joseph 4, Ginger 3 and Daniel 2 are the youngest members of the family.

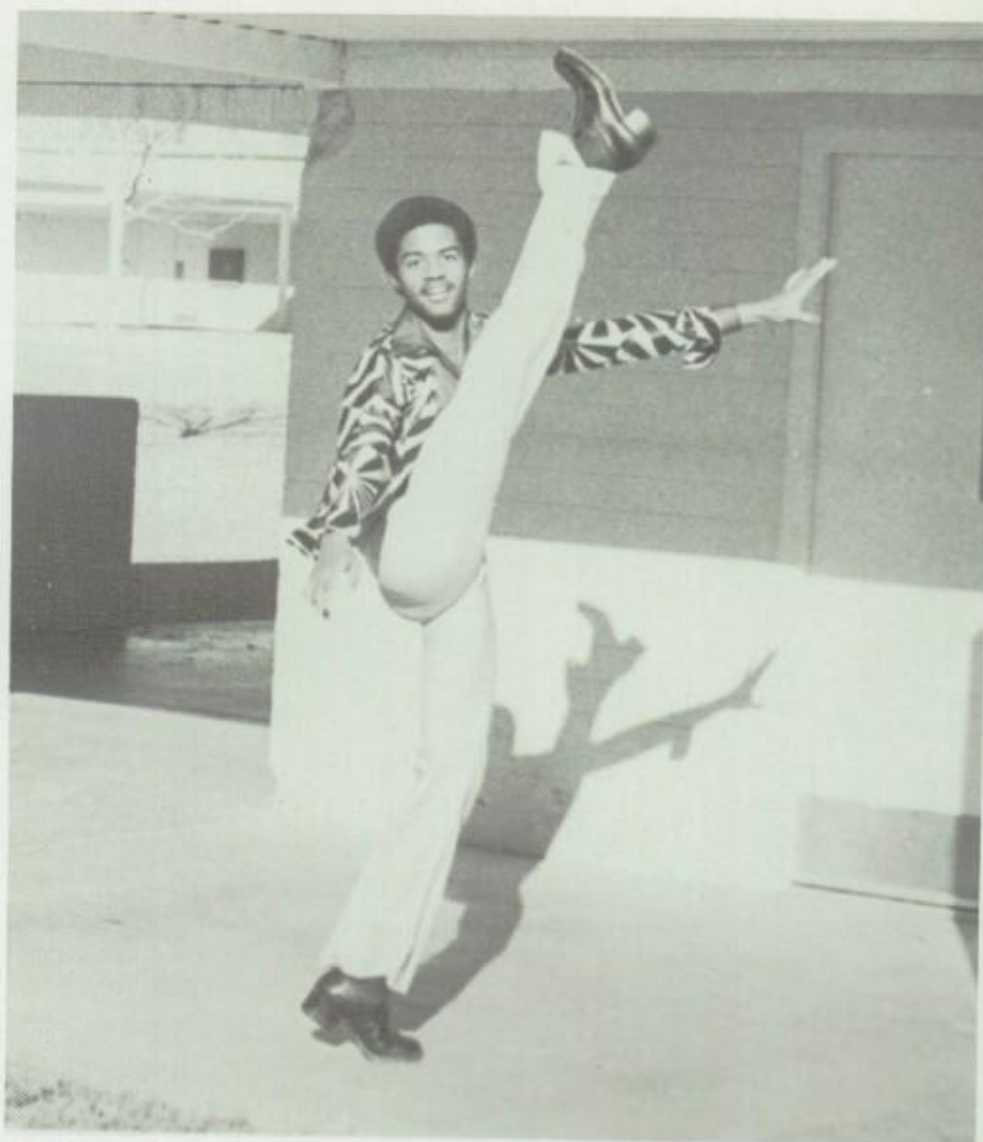

The Ernests live in a six bedroom house. Their biggest monthly bill is food. When this reporter asked Renee if they ever get their names mixed up she said, "Never, no one ever does unless they're not in the family or haven't seen us for a long time." Renee says she would like to have a big family someday, too. "I wouldn't be able to get used to all the quietness," was her explanation.

Rancho may have a mini-superstar in the making. Tim Searcy, junior, has become a very successful dancer in the past year. Tim started dancing when he was five or six years old. He says that he has always wanted to become a dancer. About four years ago he began taking dancing lessons. Tim also practices daily. The years of instruction, dedication and desire have definitely paid off. Tim appeared in Guys and Dolls last year at the Aladdin Hotel. He is also scheduled to appear in Hallilujah Hollywood at the MGM Grand in Reno.

What does it feel like to be on stage performing in front of hundreds of people? "I'm in another world while performing, it's like my own world." Besides dancing, Tim would also like to be a director or choreographer. He says he wants to be on Broadway or maybe have his own show.

This reporter asked Tim what he wants to contribute to the world through his dancing? Tim said, "I want people to feel like they really see something in my dancing. They should get a message from it and really have a good time."

Keith Kreider, junior, participates in sports on ice, underwater and above the ground. Can you guess what he does? Keith plays ice hockey, scuba dives and climbs mountains. Of the three Keith's speciality is hockey. The scuba diving is part of his career aspiration, marine biology, and the mountain climbing, that's for relaxation.

Keith started skating when he was about ten years old. He learned how to play hockey in New Hampshire. According to Keith it's almost as popular as football. Keith played for the Fort Worth midget traveling team. They were the Texas state champs last year. Their season consisted of sixty games which were played all over the United States. Keith's position was right defense. Here are some of Keith's comments on hockey. "It's the fastest action sport in the world." "It's a very demanding rough sport."

Keith has a brother who has also been successful in hockey. He is presently being watched by professional team scouts.

One of Keith's friends got him started in mountain climbing. Keith climbs at Red Rock, Keyhole Canyon, Lee Canyon and Mount Charleston. He really likes it and says that it isn't really as dangerous as people think. Keith and some friends are going to try and start a mountain climbing club sometime after Christmas.

Keith really enjoys scuba diving since it is the career he is very much interested in. Keith commented, "I never had the facilities or the money to get into scuba diving. So I had to pick another sport." Keith said that his mother is very worried about this dangerous hobby.

"She won't stand in my way if she feels it will affect my career," says Keith Kreider.

Keith plans doing more scuba diving as soon as the water warms up. "Until I'm able to buy more of my own equipment, I'm going to keep on renting," Keith said with a sad look.

"No matter what the cost my love for sports overpowers money."

Eric Foster, future disc jockey, broadcasts Rancho's news two-to-three times monthly, on the radio station KORK.

KORK has a three-minute spot show every morning at 6:45 a.m. Students from each high school get to go on the air, and tell what's happening at their schools.

Eric was chosen to broadcast for Rancho since he is sports editor of the RAMPAGE. His first radio spot was aired October, 1977.

Eric does the radio show from his telephone. The show is live, and Eric's spot lasts for three-minutes.

Eric's plans for the future are to go into some type of communications, such as; writing sports for a newspaper, being a disc jockey or newsman and maybe even broadcasting sports on television.

Have you ever noticed those T-shirts that say "I'm a Hugger"? Here is the scoop on what they mean.

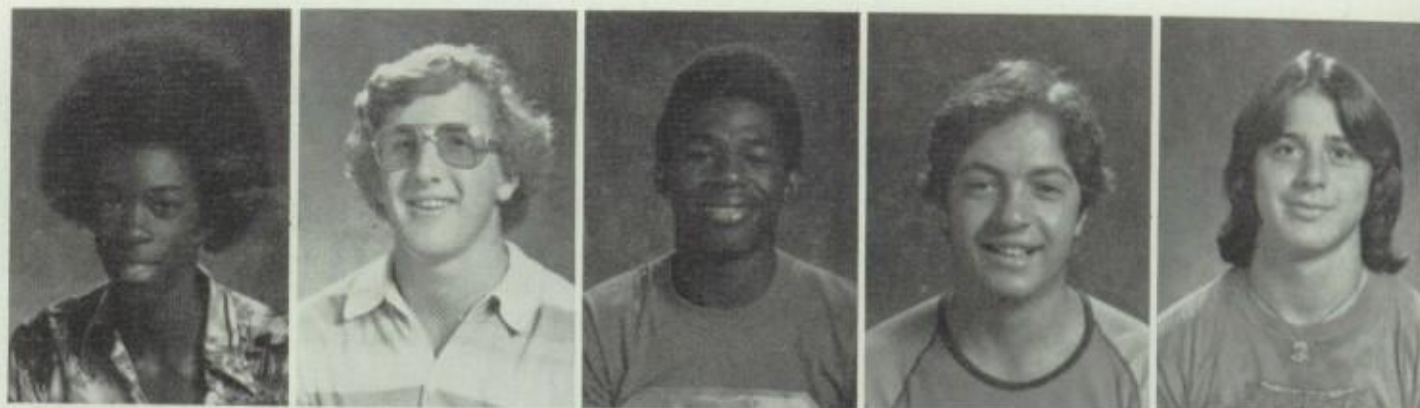

Susan Edmondson, junior, explains what it is to be a hugger, "After the Special Olympic athletes have finished their sports event I give them support and organize them." Susan's job this year at the Area and State games will be, head of the "Huggers."

When Susan was asked exactly what is Special Olympics, her statement was, "It's sports training and competition for all mentally handicapped people. The Special Olympics program is in every state and more than 15 countries."

She enjoys getting involved and having a good time. Susan was asked if this took up a lot of spare time, she replied, "No, not really. The Area games are during a week-end and State games are around four days. They have training clinics on weekends and also during the week."

There are no special qualifications to becoming a volunteer. High school students are becoming more interested in this activity every month, and are among the best volunteers in Southern Nevada.

Mark Spitz may think he is a great swimmer with seven gold medals, but just wait until junior Jeri Bakies gets to the 1980 Olympics.

Jeri has been swimming for three years. She practices at UNLV every day. She swims one and a half hours before school and two hours after school. In the summer Jeri swims even longer.

Jeri's favorite stroke is the back stroke. When asked which one do you do the best her answer was, "I feel I do the back stroke the best."

Jeri has won many medals for her swimming. She also lettered for Rancho. Some competitions she has competed in are, Junior Olympics, Senior meets in California and Far Westerns. Jeri will journey to Alabama this spring for a meet.

Be sure and look for her in 1980.

Movies have been made for many years. People watch movies just as fast as they make them. Yet to most people a movie is just a movie. Whether it be a love story, a war flick or any type of movie. The majority of people watch movies for entertainment mainly. But there are a few people in this world who look far beyond the screen and the cast of actors.

Kim Fachini, a sophomore who has been collecting movie trivia for over three years now, was asked what exactly is movie trivia? Kim replied, "It's more or less facts about the film itself, when and where it was made, the directors and especially the actors involved." When asked about what she'd found, she answered, "I have all kinds of magazines and paper clippings, also quite a few eight by ten photos."

Kim commented on films in the 30's, "The films in the thirties were really something. So exciting and very well made." Kim told the interviewer her favorite actor was Robert Redford. And her favorite actress was Faye Dunaway. Kim's oldest film trivia is a late thirties movie. She also has quite a few movies that are quite up to date. She keeps a notebook on everything she watches. Over the past few years she has seen over 300. For a girl who wants to make movies a career, she's well on her way!

Coin collecting has been around for many years. One of our coin collectors here at Rancho is sophomore Marvin Patterson. He has a rare United States coin collection. It is not all the way completed, but he is working on it.

He started his collection seven years ago by first just looking on the back of pennies for the Laurel Wreath. He has over seven hundred coins in his collection. He has twenty complete books of pennies, nickles, dimes, and quarters. He also collects half dollars and dollars, but does not have complete books.

His oldest silver dollar is fifty three years old. The first coin he collected was a 1904 Mercury head dime. His oldest coin is an 1847 Braided head penny. It was given to him by his grandfather. Its value is \$30.00. One of his Jefferson book of nickles years 1938 to 1961 is worth \$20.00 and contains sixty two nickles. He has found seventy percent of his coins. He has bought some of them at coin shows in the Hilton Hotel. He has a 1940 steel penny that was made during World War II. It is steel because they used the cooper for the amunition.

He has started a penny collection of the fifty states stamped on the side of Lincolns head. His whole collection is approximately worth about \$1,300.00.

The sixties; full of guys and girls doing the Twist, Jerk and Monkey to the tunes of Chubby Checker, The Supremes and THE BEATLES!!! You may not remember the Beatles, but Donna Goetz sure does. She's a super Beatle fan. Donna's room is wall-to-wall John Lennon, Paul McCartney, Ringo Star and George Harrison.

Donna started her unusual hobby about two years ago. She's seen lots of their movies and has lots of their albums, seven which are originals from the sixties. Donna also has scores of Beatle pictures and posters.

Where does she get her material? "I wrote to Rona Barrett's column one time and told her I was a Beatle fan. Since then I've gotten hundreds of letters and cards."

Who's Donna's favorite Beatle? "John Lennon I think he's cute." Her favorite Beatle song is *Lady Madonna* and her favorite album is *Hey Jude*; as Donna puts it "It's just so good!"

The Beatles broke up several years ago and this reporter wanted to get Donna's opinion of this. Here's what she said, "I felt sad, but I guess since they were together so much they got tired of each other. It was like they were married and just got a divorce." Paul McCartney started his own group called *Wings*. Donna enjoys them almost as much as the Beatles.

What made the Beatles so popular? "They brought a new sound to America, and most of all they made people happy. That's why they were and still are legends in their own time."

Before saying good-bye, this reporter asked Donna how she felt about the Beatles. Donna replied, "I love them. It's like Beatle mania back in the sixties."

"When I see a picture of John Lennon I just go crazy. When I see one of their movies I scream my lungs out. When I hear one of their songs I start singing. I live for the Beatles."

Spotlight on . . .

James Partain, sophomore, claims himself to be an amateur meteorologist. A meteorologist, often called a weatherman, is a male or female who studies the weather. James was first interested in this at the beginning of his freshmen year. His interest stemmed from his science class. After that he really got curious about meteorology and picked it up as a hobby.

While in school, James really does not have enough time to devote all his work to meteorology, but when he has spare time he goes to the library and reads all the books he can on weather, focusing his main interest on clouds.

A person can make his own meteorology instruments, although James is planning on getting wind vanes, a barometer, and an anemometer. A person needs special knowledge if he wants his career to be as a meteorologist. In the process of becoming one, a person has to be really involved and has to put a lot of work into it. When asked what courses a person should take in high school, James replied that a person has to take all the science and mathematics that one can take in school. James is planning on going to college and becoming a meteorologist. After college he might go into the Navy, Air Force or help farmers since they are in great need for meteorologists to help with their crops.

Spotlight on . . .

Bottle collecting has become a very popular hobby, from ages young to old, especially for Anna White, who got interested in bottle collecting almost two years ago. The reason why she started collecting bottles was she liked the bicentennial year so much, she decided to collect bicentennial syrup bottles and 7-up bottles. They all carried the bicentennial theme.

Six of her bottles are worth money at this time. Her bottles will be worth a lot more, because the bottles are made of thick glass. The oldest bottle she has is 1974.

Anna stated that, "I really don't have a favorite bottle, I like them all." She has a lot of pretty ones. She plans to keep collecting any type of bottle. Her collection consists of many bottles, none of which are antique yet.

Phillip Shelburne, Superstar, founder and leader of the hard rock group, Angel Dust, plays lead guitar for the five member group. Other members of the group are; Chicken who plays drums, Unlucky handles a home-made synthesizer, Heavy, who manages base, and The Pro is lead singer and also plays rythm guitar.

Phillip mainly played for school dances, until he changed his style and became a hard rock artist, but Phillip also admits that he will play anything, for anyone, anywhere, if the price is right.

Superstar and the group writes their own songs, such as Sin City, which is the most popular. They also use material from other groups, such as Sweet, Kiss, and Aero Smith, that they change to faster and harder beats.

Phillip likes the atmosphere of lights and smoke while he plays, and it gives a great attraction to his audience.

Phillip's goal in life is to become a lead guitarist and to cut an album.

Spotlight on . . .

Karate is a special talent especially to Calvin Kinnee a sophomore. Calvin has been with Karate for about a year and a half now. He started when he was 14 years old. He said, "One does not practice Karate, one becomes Karate." It is with you all of the time; therefore you are Karate. Actually it is not a hard sport to learn.

Karate takes a good memory, endurance, and a want for physical and mental perfection. Calvin has never been injured.

He said, "I never really have been seriously injured, but that is because I am learning to predict to some extent what the other person is going to do next." He enjoys Karate very much, and has a purple belt which is very good.

Calvin practices every day from 15 minutes to two hours, it varies from day to day. He has never had to use his Karate in self-defense. His favorite move is the "Inward Defense," because it is an easy and fast move. Calvin also stated that, "From what I have learned so far, I don't think there is anything difficult to learn about Karate."

One other thing that makes a good Karate expert is the concentration that goes into it, if not you would probably be beaten into the ground.

Spotlight On . . .

Hobbies have been part of people's lives for many years. Lori Kahre and Connie Bzoskie ice skate as their hobby. They have been ice skating for about a year now. They skate strictly for a hobby, doing so on either Fridays or Saturdays.

Both agree that you must have a lot of skill and to really get into it, you must practice a lot. When asked why they chose ice skating as a hobby, Connie said, "I enjoy ice skating because it's good exercise, and I meet a lot of new people." While Lori explained, "I never was really interested in this sport until I went with Connie. Then later I got my own pair of skates. Now I love it."

Tom LaJudice is a very active student, working on the "Rampage," and his spare time skateboarding. He started about two years ago. Tom considers himself "fair." He spends a lot of time at the skatemaze. According to Tom, he says, "It takes a lot of coordination; it's very hard to learn." Tom also stated that, "I don't have one of the best skateboards."

There are many different kinds of skateboards. He has never been hurt seriously. Tom plans to keep on practicing, which is every day. The hardest trick Tom tries to do is stand on his hands while skateboarding at the same time. Skateboarding is not an expensive sport. Tom claims, "I really get involved."

Richard,
I can't tell you
how glad I am we became
friends. Hope we will be friends
for ever.

Once again the school year draws to a close. The signs of 1978 point the way to a fresh start. A fresh start for the underclassmen as they take one more step up the ladder of education. A fresh start for the Seniors of 1978 as graduation draws near and they must decide what course their lives must take. A fresh start for the faculty and administration as they tackle one more year at Rancho. And a fresh start for Phyllis Seipel who, after publishing nine editions of the *El Sol* Yearbook, will not be returning as advisor next year. The staff would like to thank Phyllis Seipel for her long hours of work which made the publication of this yearbook possible.

The staff would also like to thank
... Albert and James Studio for their outstanding skills in photography and patience throughout the year.
... Mario Monaco and the administrators.
... Lois Johnson for her banking assistance.
... Taylor Publishing.
... Our advertisers for their support.
... And the faculty and students of Rancho High for being the icing on the cake.
